

## Pope Pius Appoints Dr. Rummell A Bishop

Well Known Clergyman, Who Served As Pastor of St. Peter's Church In This City, Appointed Bishop of Omaha By the Holy Father—Now Pastor of New York City Church.

Rome, April 4 (AP).—Pope Pius has appointed Monsignor Joseph Rummell, rector of St. Joseph's church, New York city, as Bishop of Omaha.

The Right Rev. Monsignor Joseph Rummell, D. D., was pastor of St. Peter's church, this city, from 1907 to 1915. During his pastorate here Monsignor Rummell made many warm friends, who will be greatly pleased to hear of his further advancement. The newly appointed bishop was born in Baden, Germany, in 1876. He came to New York with his parents in 1882, and was graduated from St. Boniface's parochial school in East 47th street and entered St. Mary's College, conducted by the Benedictines, at Northeast, Pa. His collegiate studies were at the Benedictine College of St. Anselm at Manchester, N. H., from which he was graduated in 1896.

In the fall of 1896 Monsignor Rummell entered St. Joseph's Seminary at Dunwoodie. In 1899 he was sent to the American College at Rome and was ordained to the holy priesthood May 24, 1902, by Cardinal Respighi, Vicar of Rome, and received the degree of Doctor of Divinity.

Returning to New York he was assigned as an assistant to the late Monsignor Lammell at St. Joseph's church, East 87th street, and after a few years was promoted to the pastorate of St. Peter's church in this city, being at that time about 31 years of age. While at St. Peter's he erected the new school, renovated the church and built an addition to the rectory besides liquidating a large amount from a long standing indebtedness on the church properties. He always took a keen interest in the religious and civic affairs of the city, while a resident here. The ability he displayed as an organizer and administrator while a pastor here, was recognized by the diocesan authorities and in 1912 the young pastor was appointed dean of Ulster and Sullivan counties, which office he held until 1915, when he was promoted to the parish of St. Anthony of Padua, East 166th street, New York city.

Appointed Monsignor. In May, 1924, when his Eminence Cardinal Patrick Hayes returned from Rome where he had been elevated to the Sacred College of Cardinals he announced that the Holy Father had conferred papal honors on a number of priests and among them was Monsignor Rummell. The parishioners of St. Anthony's and Monsignor Rummell's friends, irrespective of creed gave a grand testimonial in his honor. On this occasion he was the recipient of a purse of \$1,500 from the Bronx Society for the Prevention of Cruelty to Children, of which he was a director.

He was appointed a Monsignor in recognition of his direction of a national campaign for food and clothing which resulted in the shipment of 12,000 cases of supplies for poor children of Germany and Austria in 1922, undertaken at the request of the Pope. Later in the same year, 1924, he was transferred to the pastorate of St. Joseph's, his present charge. While at St. Joseph's he accumulated a building fund of over \$100,000 for a new school and at St. Joseph's he has made many improvements including the renovating of the church, school and rectory and has built on West 127th street one of the finest convents in New York city, for the accommodation of 24 nuns.

For a great many years he has been one of the Synodal Judges of the archdiocese. In May, 1927, Monsignor Rummell celebrated his sacerdotal silver jubilee at which time former parishioners of St. Peter's church and friends in this city attended the services.

## FOUR STUDENTS HURT AS AUTO LEAVES ROAD

Gettysburg, Pa., April 4 (AP).—Three George Washington University students were hurt and a fourth escaped uninjured early today when the automobile in which they were traveling to their homes in New York State crashed into a fence at Florida, near here. The injured are: John Carroll, Jamestown, N. Y.; George O'Donnell, Buffalo, N. Y.; and suffered several fractured ribs. Their companion, Joseph Conrad, Gettysburg, N. Y., was not hurt. The accident occurred at a sharp turn in the highway at the foot of a hill.

## Barbers Fight Cut With Strike

New York, April 4 (AP).—In opposition to a cut in wages approximately 2,000 barbers went on strike in several hundred shops in Brooklyn and Queens today. The Master Barbers Association voted a reduction in the rate from \$25 to \$20 a week and the

## Easter Egg Hunt Here Saturday

New Kind of Contest, With Cash Prizes to Winners, Announced by The Wonderful Company for Saturday Morning.

A big Easter Egg Hunt open for children from 6 to 12 years old, will be conducted by The Wonderful Company on Saturday morning, and three cash prizes will be awarded to the successful winners as follows:

\$5 for the gold egg.  
\$3 for the silver egg.  
\$2 for the boy or girl who brings in the largest number of eggs.

The eggs will be fresh, hard-boiled and dyed, so the children will not soil their clothes if the eggs are broken, and the eggs may be taken home for table purposes.

The hunting grounds are a secret, but all children between the ages stated who go to the Wonderful Store on Wall street at ten o'clock Saturday morning will be told where to hunt for the eggs.

Every egg will be stamped with the names of the Wonderful Company, and the time limit for hunting eggs will be two hours, from 10 a. m. until noon.

The Wonderful Company is advertising for 500 children to take part in the egg hunt. There will probably be many more than that number of hunters.

The Wonderful Company also announces that it will advertise in Friday's Freeman another big children's event, for children under six years.

## Dismiss Two "Dry" Charges

There were two cases of alleged violation of the Volstead act before U. S. Commissioner Arthur C. Connelly in this city this morning. The defendants were Douglas Mansfield, of the Vanderbilt House, Philmont, Columbia county, and George Yarrick, of the Yarrick House, in the same place. Federal agents on Tuesday afternoon visited these places, seized some home brew and a very small quantity of alleged apple brandy said to belong to an employee in the Vanderbilt House. After hearing the federal agents and other testimony, Commissioner Connelly dismissed both cases. Surrogate George F. Kaufman appeared for Mansfield, and John J. Moy of Catekill for Yarrick. The seizure was made on an affidavit of a member of a civil league of Troy, who alleged he had purchased a drink of liquor there which was not proven by any testimony to substantiate his claim that he made the purchase.

## Easter Purchases May Make Record

Show windows of the local stores have been made very beautiful and are attracting the attention of eager buyers, who are preparing to enter into the spirit of the season. New York clothes are not the only merchandise being bought for Easter for the list of purchases already ranges from flowers to automobiles. The splash of color in the windows, reminding all that the holiday is near, and that now is the time to secure bargains, has brought crowds out that seem to fill the stores. The amount of business is said to far exceed other years.

Buyers can be prepared to make their selections more readily, thereby assisting the busy clerks, if they read the advertisements before going to the stores to make their purchases.

## REPUBLICAN CLUB MEETS THURSDAY EVENING

The Republican Club will meet Thursday evening at 8 o'clock in the Pythian Hall. It is expected that there will be a large attendance as the committee in charge has arranged an attractive program. Every one interested in the policies of the Republican party is invited to attend the meeting that evening. Pythian Hall is located at the corner of Broadway and Thomas street.

Atkins Fined \$5. William C. Atkins of 64 Emerick street was arrested by the police Tuesday for driving an unregistered automobile. The car carried license plates issued to Andrew Lord of 54 Emerick street. Atkins pleaded guilty in police court today and said he had obtained license plates for the car today. Judge Shufeldt fined him \$5.

## Organization Candidates Win

One Democratic Leader Lost In Tuesday's Primary Election But Organization Won In Other State Contests—Dr. Butler and Lewis Defeat Their Opponents.

Albany, N. Y., April 4 (AP).—New York state's delegations to the Republican and Democratic national conventions virtually have been completed after a spring primary election notable for organization candidates.

With the primaries past, the Republican delegation is complete and its 50 members—82 of them elected yesterday—will go to the party's convention at Kansas City unpledged to any presidential candidate. The seven delegates-at-large were selected by the state committee at a recent meeting in New York city.

A single step still remains in the taken by the Democrats in the selection of eight delegates-at-large at a state committee meeting in New York on April 17. The delegates-at-large and the 56 delegates elected at yesterday's primaries will attend the Houston convention pledged to support Governor Alfred E. Smith for the presidential nomination.

The Republican delegates-at-large are Cornelius N. Bliss and Charles H. Sabin of Nassau county; National Committeeman Charles D. Hill of New York city and State Chairman George K. Morris of Amsterdam, both of the latter of whom have been seeking the renomination of President Coolidge; Representative Bertrand H. Snell of St. Lawrence county, former United States Senator James W. Wadsworth of Livingston county, and Miss Florence Wardwell of Otsego county.

None of the three Republican contests for district delegates or of the two Democratic fights here more than local significance although all represented bitter factional controversies.

## Dr. Butler and Lewis Win

The outstanding one on the Republican side, resulted in victory for Dr. Nicholas Murray Butler, president of Columbia University, and Robert P. Lewis in the 19th Congressional district, comprising a portion of Manhattan. Dr. Butler's advocacy of repeal of the eighteenth amendment brought opposition from Dr. Thomas Balliet, former New York University faculty member, and Miss Lois E. Barr, who were defeated decisively.

Complete returns from the 19th district gave Dr. Butler 3,346—Lewis 3,338. Dr. Balliet 863 and Miss Barr 828.

Democratic Leader Loses. Of the Democratic contests, the most important from the local viewpoint was that in the 34th Congressional district, comprising counties of Broome, Otsego, Chenango and Delaware, where William W. Farley of Binghamton lost his leadership to David F. Lee of the same city by a large margin, on the basis of incomplete returns.

Out of a total of 267 districts in the four counties, 156 gave Lee 4,808, and his running mate, Edward A. King of Cooperstown, 4,303 as against 2,356 for Farley and 2,483 for John J. S. Taylor of Oneonta, the organization candidates.

## Organization Retains Control

The only other Democratic contest occurred in the 33rd Congressional district, comprising Oneida and Herkimer counties, where M. William Bray, Oneida county chairman, and T. Harvey Ferris of Utica, had a strong lead over their non-organization opponents on the basis of early and incomplete returns. The opposition candidates, former Mayor Jeremiah Carroll of Rome and Thomas A. Mortimer of Utica, who were losing by three to one at midnight, based their stand on the failure of Frederick Gilmore, to be re-elected mayor of Utica last year and the contention that the organization had failed to give him proper support.

The remaining Republican contests were apparently decided in favor of the organization candidates at an early hour today. They were in the Seventh District in Brooklyn, where complete returns gave Paul Windels 2,290, L. D. Lipkowitz 2,193, and Frank Doudera 1,141 and in the Niagara district, where 106 out of 123 districts gave Edward J. Butler, Buffalo, 6,933, and Paul Schoellkopf of Lewiston Heights, 5,992, against 2,446 for Dr. George S. Hoibbe of Lewiston, the non-organization candidate.

## GERMAN FLIERS PREPARE ARTIFICIAL RUNWAY

Dublin, April 4 (AP).—Their ardent undampened by continued rainfall, the German transatlantic flight aspirants today prepared an artificial runway to enable their heavily laden plane Bremen to take the air at Baldonnel airfield.

Captain Herman Koehl, pilot, and the Baron Von Huenefeldt, sponsor of the flight, maintained silence as to their plans and the rumor persisted that Colonel Fitzmaurice, head of the Free State air force, would act as relief pilot in place of Arthur Spindler.

## Legion Auxiliary Pool Sale

The American Legion Auxiliary will hold a food sale at the Rose and Gorman store on Friday afternoon from 1:30 to 5 o'clock.

## Restrictions on Rubber Removed By Great Britain

Existing Restriction Scheme Met In Favor Among Producers and Has Caused American Tire Manufacturers to Investigate Methods of Relief From British Rubber Control.

London, April 4 (AP).—Premier Baldwin announced in the House of Commons today that all restrictions on the export of rubber from British Malaya and Ceylon would be removed November 1, 1923.

The existing restriction scheme, known as the Stevenson plan under which the proportion of rubber permitted to be exported at a minimum rate of duty varied with the price of crude rubber, will be continued unaltered in the meantime.

Replying to questions, the premier said that there would be debate on the matter and that full information would be given to the House.

Asked whether the new situation required the sanction of the Commons, Baldwin replied that he would like notice of the question but that he thought it could be done by order of the Colonial Office.

Neil Maclean, Laborite, thereupon interjected:

"If you have the right to remove restrictions or to impose restrictions, what is the use of having a debate upon them?"

## Market Demoralized

The premier's announcement had a demoralizing effect in the London market where the price slumped 2 1/2 pence to 10 1/2 pence per pound for spot and May delivery. June was quoted at 10 1/2 pence and July and December at 11 pence per pound.

Further selling later caused another decline of a farthing with a weak tone. On the Stock Exchange dealers marked down the prices of rubber shares in anticipation of clients selling but this afternoon no many shares were changing hands.

## Effect on New York Market

New York, April 4 (AP).—Crude rubber prices dropped a cent a pound at the opening of the New York Rubber Exchange today on announcement by Premier Baldwin in London that a committee investigating operations of the Stevenson act had recommended that rubber export restrictions be removed November 1 of this year. May contracts fell a full cent to 26.40 cents a pound. September declined to 27.10 cents and December to 27.30 from yesterday's closing prices of 27.70 cents.

## Producers Were Dissatisfied

The restrictions imposed on the export of rubber from Malaya and Ceylon for the past few years have recently been meeting with increasing disfavor among rubber producers themselves because of the steady decline in the price of the crude product. For some time the proportion of rubber permitted to be exported at a minimum rate of duty has been dropping at intervals of three months, the scheme working on a quarterly basis.

Under the Stevenson plan, if the average price of rubber in London was under 21, but not under 15 pence, a pound during any quarter, the exportable percentage of standing production for the ensuing quarter at the minimum rate of duty was to be reduced by 10.

If the average price of any quarter was not under 21, but was less than 24 pence, there was to be no change in the ensuing quarter.

If the average price for any quarter was 24 or more pence, the percentage was to be increased by 10 for the ensuing quarter.

In no case was the percentage to be increased above 100 or decreased below 60.

## Interest in United States

The rubber market has been followed with especially keen interest in the United States where the tremendous development of the automobile industry was necessitating importations of large quantities of crude rubber.

Two years ago Herbert Hoover, secretary of commerce, headed a campaign against British rubber control. Hoover advocated voluntary cooperation by American consumers to cut down their consumption of crude rubber and to obtain maximum efficiency out of the stocks in use.

American tire manufacturers also have been investigating the possibility of producing their own rubber. The British restrictions stimulating research for rubber substitutes and for growing rubber in countries open to American development.

## BANKER FLEES TO ORIENT TO ESCAPE EXTORTIONISTS

San Francisco, April 4 (AP).—The Chronicle says Joseph T. Grace, wealthy executive of the Bank of Italy at Santa Rosa, Cal., has fled to the Orient with his wife after revealing to police that he had been threatened with death if he did not surrender \$25,000 to extortionist plotters.

The paper says an extortion note, signed only with four numerals, was received by Grace. He was informed he would be told later how to deliver the money, and was threatened with death in case he appealed to the authorities.

Grace, since receipt of the note March 26, the paper said, has sailed for the Orient with his wife, for a stay of indefinite length.

## Delegates Chosen In Four States

Smith Added 124 to His List—Wisconsin Republican Result Close—Supporters of the Late Senator Willis to Enter Ohio Primary Unpledged As to First Choice.

Washington, April 4 (AP).—Preparations for the imminent quadrennial battle for the presidential nomination were appreciably advanced today because of the primaries in two states and party conventions in two others yesterday and the decision of the late Senator Willis's delegate candidates to go into the April 24 primary in Ohio unpledged as to first choice.

The primaries and conventions in the four states, interest in which was centered today in the outcome in Wisconsin because of the close race between the LaFollette progressive and more conservative factions and owing to the gains registered by Governor Smith, today had increased to 326 the Republican delegates and to 258 the Democratic delegates to the June conventions.

Former Governor Lowden and Senator Curtis of Kansas, will remain as the second choice candidates under the decision reached late last night in Ohio by the Willis-pledged supporters, who also held out strong hopes for President Coolidge, Vice-President Dawes and Charles Evans Hughes, all three of whom have said they would not be in the running for the nomination.

## Governor Smith Leads

Of the 258 Democratic delegates already selected, Governor Smith today had 186 owing to his apparent sweeping up of the entire 124 chosen yesterday, 86 in New York, 26 in Washington, and 12 in Maine.

Wisconsin's 26 Republican delegates were still in doubt early today. The rest of the 111 Kansas City delegates chosen yesterday came from New York, which selected 83 to complete its unpledged delegation of 90, and from Kansas, where the naming of two delegates in the sixth district completed the solid state delegation of 23 pledged to Senator Curtis.

The total of 326 Republican and 258 Democratic delegates does not include those from South Dakota and Michigan, where a convention and a primary already have been held but no delegates chosen. The Michigan primary on Monday, however, assured Smith, the only Democratic entry, of that state's 39 delegates on the first convention ballot at least, and Hoover's 33 Republican delegates. Lowden has been endorsed by the South Dakota Republican convention and is slated to get its 13 delegate votes, while Smith, endorsed by the Democratic convention there, will add 10 more to his growing delegate total in the May 22 primary.

## See Defeat of Walsh

Out of the tangle of the involved Wisconsin situation today was seen the apparent defeat of Walsh's first definite bid for delegate support at Houston. With a partial slate of candidates in the field for the state's four delegates-at-large, the Montana Senator was running far behind Smith, with a full slate, on the basis of early returns. Two Smith factions fought it out among themselves for the state's 22 district delegates. Senator Reed of Missouri had no delegate slate, but was entered alone in the preference primary, whose result was only advisory and not binding on the delegation.

Scattered returns showed a neck and neck fight between the La Follette-Blaine Republicans running pledged to Senator Norris of Nebraska, and Walter J. Kohler and Andrew L. Kreutzer, less progressive, running as unpledged delegates, for Wisconsin's four seats in the convention as delegates-at-large.

## Hoover Supporters Confident

Yesterday's balloting wound up the political calendar for the week with the exception of the Republican convention on Friday in Kentucky where Secretary Hoover's supporters are declared to be confident of landing the state's entire 29 delegates.

## FIRE CAUSES \$35,000 DAMAGE IN BOSTON

Boston, April 4 (AP).—Fire which swept a large six-story brick building fronting on Pearl street in the wholesale supply district early today caused loss estimated at \$35,000.

Four alarms were sounded calling in practically all of the downtown apparatus and the blaze was quickly under control. Principal sufferers were the Walworth Manufacturing Company, steam-fitting supplies, occupants of the three upper stories, and the Dickie Raymond Mail advertising Company on the third floor. The fire was of undetermined origin, it started on the fifth or sixth floor.

## TEMPLE EMANUEL TO CELEBRATE PASSOVER

A special service will be held to night at Temple Emanuel in commemoration of the Passover festival. The topic of Rabbi Morris M. Rose's sermon will be "The Birth of Israel." Rabbi Rose will discuss the causes and the aims of the early Israelites which have inspired them in the struggle for national freedom. Immediately after the service the congregation will retire to the vestry room where a Seder service will be conducted by Rabbi Rose. All members are requested to come. Services begin at 7:30 p. m. sharp.

## Sinclair Says Fall Aids Him

Declares Deposition Will Be of Great Aid—Trial Postponed Until Monday So Lawyers Can Study It.

Washington, April 4 (AP).—The trial of Harry H. Sinclair for conspiracy in connection with the Teapot Dome was postponed today until next Monday.

Justice Jennings Barker granted a motion of defense counsel that they be given opportunity to study the deposition of Albert B. Fall, taken last week at El Paso.

Owen J. Roberts, of special government counsel, interposed no objection to the postponement, saying he was content to leave the matter to the court.

Former Senator Albee Pomeroy, of Ohio, who cross-examined Fall at El Paso, had not returned to Washington at the time court convened. He had been delayed.

Daniel Threw Wright, Sinclair counsel, who questioned Fall, returned here early today, but went to his home at once and was not in court.

Sinclair was present, arriving at the court house early and chatting with his counsel before Justice Barker ascended to his bench. The old man expressed supreme confidence over the outcome of the trial, declaring that Fall's deposition would be of great aid to him.

"The government expects to present its case in two or three days and will call only about half the witnesses who were examined last fall before the mistrial was declared in the Fall-Sinclair case."

M. T. Everhart of Pueblo, Colorado, son-in-law of Fall, will be the star witness for the prosecution. Everhart passed the \$333,000 in Continental Trading Company Liberty bonds from Sinclair to Fall at about the time the Wyoming Naval Oil Reserve was leased to Sinclair's Mammoth Oil Company. The defense contends that this transaction involved the purchase of a third of Fall's New Mexico ranch holdings by the oil operator.

Captain John K. Robison, retired, who represented the Navy in the negotiations leading up to the lease of Teapot Dome, will be the principal witness for the defense. He will be relied upon to convince the jury that the lease policy had its origin with the Navy and that Fall simply was carrying out the policy when he turned Teapot Dome over to Sinclair and the Elk Hills Reserve in California to Edward L. Doheny.

## Fess Selected for Keynote Speech

Kansas City, April 4 (AP).—Heralded as a staunch administration supporter, and declared by party leaders as outstanding among the persons available, Senator Simeon D. Fess, of Ohio, today was cast in the role of temporary chairman and keynotespeaker for the Republican National Convention here in June.

Selection of Senator Fess climaxed a two-day session of the national subcommittee on convention arrangements ending here yesterday.

In announcing the Ohio senator had been named by unanimous vote, William M. Butler, of Massachusetts, chairman of the Republican National Committee, said no political significance could be attached to the selection. He added that the committee was interested only in choosing the best man available to outline the party principles.

## Bids Asked for Fair Grounds

Since there will be no Colonial baseball team playing at the former Colonial home grounds at the Kingston Fair Grounds this season the directors of the Kingston Fair Grounds, Inc., are open to negotiations for the lease of the grounds for the season. As the Fair Grounds is the only enclosed park in the city the directors feel there should be no difficulty in leasing it for the season.

## EDEL WILLING TO RETURN FOR TRIAL

St. Paul, April 4 (AP).—Fred W. Edel, under indictment in New York for the murder of Mrs. Emma Harrington, actress, has indicated he will not fight extradition. Assistant District Attorney John F. MacGowan, here with two detectives, has secured Edel, who was wired New York for a certified copy of the indictment necessary in extradition proceedings, but Edel indicated it would not be needed.

He maintained during a severe grilling by New York officials that he was innocent of Mrs. Harrington's murder. She was found beaten to death in her New York apartment December 13. He said her clothes, jewelry and the hammer with which she was killed were delivered to him at the Pennsylvania Hotel, but denied he had any hand in the killing.

## Depew Resting Comfortably

New York, April 4 (AP).—Physicians attending Chauncey M. Depew, 94-year-old railroad executive, who has been suffering from a cold since his return from the south, reported today that he had had a good night and was resting comfortably.

## Factory Smoke Vs. Family Wash Was Discussed

Alderman Burger of Tenth Ward Tells of Complaints Regarding Soft Coal Burning—Also Wants Playground in That Ward—Many Matters Before Aldermen.

Factory smoke vs. family wash, a playground in the Tenth ward and more lights for the city's streets were some of the matters discussed at the regular monthly meeting of the common council held Tuesday evening in the Municipal Building. At the close of the meeting an adjournment was taken to Tuesday evening, April 17, when the heating engineers and architects of the reconstructed city hall will be asked to be present and asked if the proposed 100-foot smokestack on the city hall heating plant could not be eliminated.

## Several Washings Needed

Alderman Charles Burger of the Tenth ward introduced a resolution which read: "I am receiving several complaints about the brush factory on Greenhill avenue throwing out soot from the smoke stack and causing people in the vicinity to wash their clothes several times on wash day. I think this condition can be remedied if the factory would burn hard coal instead of soft coal or install proper screens."

Alderman O'Reilly of the Ninth ward said that he knew what it was to have to wash clothes over but did not believe that the council should take any action hastily that would interfere with the city's industries. He thought that there could be obtained screens which could be installed in the smoke stack which would eliminate objectionable soot.

It was brought out that there is no ordinance governing the burning of soft coal in the city, and after some discussion the Burger resolution was referred to the corporation counsel to see what could be done.

## Playground in Tenth Ward?

Alderman Burger then introduced a resolution reading: "That there is no playground for children in the central part of the city and in order to keep them from playing in the street and being hit by traffic, that the big vacant lot known as the Barman lot situated in the central part of the city be secured for a playground."

The resolution was referred to the board of public works which has charge of playgrounds and parks of the city.

## Soot Covered His House

The railroad committee reported that they had taken the complaint of Adolph Wolfersheim of 71 Greenhill avenue up with the New York Central. Mr. Wolfersheim complained that after he had painted his house that it had been covered with soot from the stacks of the railroad locomotives.

The committee stated that the railroad had promised to do everything in its power to eliminate the emission of soot from its engines.

## That 100-foot Stack

A communication was read from Laura R. Palen, president of the Kingston Federation of Women's Clubs, asking that the mayor and common council take such action as possible to eliminate from the plans the proposed 100-foot smokestack to be erected on the water works barn, adjoining the city hall, which will house the new heating plant.

Alderman O'Reilly asked if any of the council building committee could give any information on the subject and President Everett as a member of the committee said that while he could not speak as an expert, the heating engineers had stated that such a stack was necessary. President Everett suggested that it might be well for the council to hold a meeting with the city hall architects and heating engineers to consider the subject, and that any one interested in the matter could also attend the meeting.

Alderman O'Reilly said he would introduce such a resolution and that the meeting be held Tuesday evening, April 17, which was adopted.

## Court House Grounds Untidy

Mrs. C. N. Reed of the Federation of Women's Clubs, who was present at the council session, said that the court house grounds were in a very untidy condition and that the women would like to be informed who had charge of the grounds and what action the women could take to have the grounds cleaned.

## Mrs. Seckels Seeks Damages

Mrs. Victoria Seckels of 50 Murray street filed a claim against the city for a carpenter's bill amounting to \$20.25 for work she had done and which was due to damage caused by the overflowing of the sewer. It was referred to the corporation counsel and auditing committee.

## Complaints of Buses

Alderman Haines of the Second ward said he had received a number of complaints regarding buses stopping at Broadway and Thomas street to discharge passengers and that the buses blocked other traffic. The matter was referred to the railroad committee.

## Want More Lights

Several resolutions were introduced by various aldermen for the installation of more street lights in various sections of the city and all were referred to the board of public works which has charge of street lighting. The resolutions were:

Alderman Burger—that complaints had been made to him that

## CANADIAN MINE GAMBLERS CRASH

Sustain Heavy Losses as  
Bubbles Burst—Industry Now Safe.

Toronto, Ont.—The pit is off the diggers for thousands of Canadian speculators in mining shares owing to a slump in prices that has been under way for three months. Paper profits of \$200,000,000 have disappeared in this air during that period.

The mines and prospects are just as good as they were three months ago, so the investors blame the professional bears for raiding the market by short selling, but the fact is that the bears seem to have been performing a useful function by introducing a needed element of sanity into speculation. Prices had reached a point where they were quite out of line with prospective dividends. Some of the best mines were giving the investor a return of only 2 per cent or less. Apparently no holder of stock wanted to sell. If the bears had not appeared on the scene prices would have been bid up and up with the sky as the limit.

Gold Mine Declines.

Hollinger, Canada's premier gold mine, has declined from a high valuation in 1927 of \$111,000,000 to \$38,000,000, a loss of \$73,000,000, and Hollinger has not been one of the speculative favorites.

The three big mines of Kirkland Lake have lost \$50,000,000 as follows:

	High	Present
Lake Shore	\$11,000,000	\$2,000,000
Wright Hargreaves	\$40,000,000	\$10,000,000
Teck Hughes	\$40,000,000	\$10,000,000

Noranda, the new copper-gold mine of northern Quebec, which is now a producer of copper on a large scale, has declined from \$61,000,000 to \$39,000,000, a loss of \$22,000,000. Amulet, a neighboring prospect, has had its valuation cut in half for a loss of \$7,000,000. Nipissing, king of the silver mines, also had its valuation cut in half for a loss of \$5,000,000.

Losses in the smaller fry, the "cats and dogs," have been proportionately even more severe, and it was in these that the most widespread casualties among speculators occurred.

Smile at Losses.

Fortunately there has been no acute suffering. Except in isolated cases there has been no complaining. Margin speculators have either taken their losses and forgotten them or they have taken up the stock and put them away pending fairer skies. There has been no suggestion of a panic.

Unfortunately there is no evidence that the mining mania has been cured. The other day a new stock appeared on the Eastern exchanges. It bore the romantic name of Pend Oreille. For a while it kicked around at a few cents a share; then it jumped to \$8, to \$10, to \$25. "Where and what is Pend Oreille?" some of the actual purchasers of shares began to ask. They learned it was not even in Canada but some thousands of miles away across the border in the state of Washington. It was supposed to have rich ore in base metals and gold and big interests were said to be buying it. As for actual information in the possession of speculators there was none. A public so receptive may easily have a more severe lesson coming to it.

That Canada is only on the threshold of enormous mining development is, however, obvious. At the moment attention is turned away from gold and silver to the base metals. While \$200,000,000 has dropped from the valuations of older mining companies, other millions have been appearing. Flin Flon in northern Manitoba has come on the market under the prosaic name of Hudson Bay. So has its neighbor, Sheritt Gordon. These are to be producers of copper, zinc and gold. It is said their combined ore "in sight" is valued at \$500,000,000.

New Claims Promising.

In the Sudbury nickel district immense new bodies of copper, zinc, lead and nickel have been blocked out. The Freed deposit, which is on the properties of the International Nickel company and the Mond company of England, is said to be one of the greatest bodies of ore in the world. It contains copper and nickel and platinum and may be worth anything from half a billion up. New stars have appeared in the firmament. Treadwell, Yukon, Sudbury Basin and others. They have lead, zinc and copper. The public is scrambling for their shares.

Away off in Newfoundland Canadian interests are consolidating claims which cover another immense lead, zinc and copper deposit. It is in the heart of the island and is valued at something between \$100,000,000 and \$200,000,000.

When one adds the known deposits of the Sullivan lead, zinc and copper mine in British Columbia, valued at some \$650,000,000, there is in these half dozen base metal properties a valuation of more than \$2,000,000,000, conversion of which into liquid wealth, except in the case of Sullivan, has not yet begun.

Every mining camp in the country is seething with activity.

Gold in Music

New York.—There is gold in music. Americans are estimated by George Eagles, manager for various artists, to spend \$20,000,000 a year to hear the best.

## Friends Pay His Tax

and Liberate Vicar

London.—Rev. Gilbert Watling, vicar of St. John's church, Edmonton, who declares that he is too poor to pay municipal taxes, again has been saved from prison by "an anonymous friend."

Twice yearly the vicar is brought before a magistrate charged with nonpayment of local taxes and sentenced to jail. After the minister has spent one or two, not often more, days in prison, money comes through the mail from "friends." He pays and gains release.

## Make Bible Guide

The origin of the quotation "where the Bible speaks, we speak; where the Bible is silent, we are silent" is unknown for certain. It is widely used by several Christian denominations in this country to express their reliance upon the Bible as a complete and sufficient moral and spiritual guide in life.

YOU fickle cigar smokers... flirting with this brand and then that... yet never finding that "perfect smoke."

Here's good news, you discouraged philanderers. Here's a cigar you can decide to love, honor and O. K. for life—the new Peter Schuyler Panetela.

A prime ALL-Havana filler—cream of the Cuban crop. Cured and mellowed in the good old Peter Schuyler way—by men who've been "learning how" for the past 40 years. All the flavor and fragrance of a fine 15-cent cigar for only 10 cents!

Sh-b-b—a secret! Peter Schuyler Panetela tastes best from the "Five-Pack"—a pocket humidor that keeps them fresh and unbroken—100% smokable.

"I shopped around, I saw and drove them all—that's why I picked today's Chandler"

If you'll stay independent and salesman-proof long enough to make the rounds among today's automobiles—and check them all point for point—you'll find out quick enough why thousands of good drivers are picking today's Chandler.

There's nothing can touch today's Chandler within hundreds of the price.

Magnificent new Stutz, magnificent new Royal Eight—dressed up in the pink of fashion. Stead out in the height of luxury.

The first Chandler ever equipped with Westinghouse Vacuum Brakes—therefore three times easier and safer to control than any car you've ever driven. A feather-light touch of your toe on the brake pedal brings Chandler to a quick, smooth, "cushioned" stop. Absolutely effective control.

And if it's power you crave, here's power that is power. The high-compression, high-velocity power of Chandler's famous Pikes Peak engine principle—boosted to a higher volume than ever. Smooth, quiet, POTENT.

There's just nothing like today's Chandler for snappy touch-and-go action in traffic—for skimming up big hills in high—for making time on the open road.

And to lubricate today's Chandler, you simply press a plunger—and Chandler's centralized "One Shot" System lubricates the chassis from end to end in the twinkling of an eye! No bother. No lost time. No expense.

Your choice of thirty charming models—Chandler-built throughout—\$995 to \$2195, f. o. b. factory. Come see—come drive—compare.

## Mixed Result In Wisconsin

Republicans Make Greatest Showing Since 1904—Largest Anti-Progressive Delegation to National Convention in Years—Roosevelt Gets Preferential Vote, Smith Gets Delegation.

Milwaukee, Wis., April 4 (AP).—Wisconsin will have the largest anti-Progressive delegation in the Republican National Convention in years in consequence of the unexpectedly strong contest made by Republicans to elect unaffiliated candidates over the La Follette men pledged to United States Senator George W. Norris, Nebraska insurgent, for the presidential nomination.

Incomplete returns from the primary election Tuesday indicated the Republicans had made the greatest showing since 1916, with the likelihood that they would have at least a large majority voice in the state's delegation at the Kansas City convention.

The Republican forces led by Governor Vilas, national committeeman, appeared likely to capture two of the four delegate-at-large seats, with the La Follette forces conceding the other two. In the battle for the 22 district delegates the Republicans appeared sure of eight, Progressives seven, with the other seven in doubt.

Of the Republicans, former Governor Frank O. Lowden was assured of two delegates and Hoover one. Most of the others were unaffiliated, with all Progressives pledged to Norris. Senator Norris had the preferential vote safe, being the only candidate on the ballot. Hoover was second, Lowden third, and Vice-President Charles G. Dawes, fourth. Governor Smith of New York captured the state's delegation of 26 to the Democratic-National Convention. His champions decisively defeated pledges of Senator Thomas J. Walsh for the four delegate-at-large seats. Smith had no opposition in the districts.

Smith had the delegates but Senator James A. Reed, of Missouri, by virtue of being alone on the ballot, gained the preferential vote of Wisconsin Democrats. Smith, whose name had to be written in, ran a bad second and Walsh's vote was negligible.

## BRITISH TROOPS TO REMAIN IN EGYPT

London, April 4 (AP).—The British Government remains firm in its decision to maintain British troops in Egypt and will reject any claim from the Egyptian Government for their withdrawal.

After the failure of negotiations for an Anglo-Egyptian treaty, the British Government announced that it would revert to the status of the 1922 declaration. This declaration terminated the British protectorate over Egypt, making that country an independent sovereign state, but reserved to Great Britain its discretion in the security of the communications of the British Empire, in Egypt, the protection of foreign residents and minorities and the defense of Egypt against foreign aggression.

The recent Egyptian note, which is understood to state a willingness of the Egyptian Government to secure the safety of foreigners, has not altered the British position.

## VanDeusen Heads Y's Men's Club

The Y's Men's Club held their annual election of officers Tuesday night and unanimously elected Fred Van Deusen as president; Ernest LeFever, first vice president; Frank "Pop" Hinds, second vice president; Thomas Morrissey, third vice president; Ralph Harper, treasurer; and Paul McDowell, secretary. The directors elected were: Clarence Dumm, Dr. Julian I. Gifford and Merton McLaughlin.

Dr. Julian I. Gifford, the retiring president, in a few well chosen words, thanked the members for their support during his term of office and turned the gavel over to the new president while the retiring secretary, Lester Finley, consented to continue to take charge of the duties as secretary until the newly elected secretary, Paul McDowell, who underwent an operation in the Kingston City Hospital that morning, was able to take up his duties. Merton McLaughlin presented the retiring president, Dr. Gifford, on behalf of the club a beautiful desk set as a small token of the high esteem in which he was held by all the members.

"Pop" Hinds' birthday was duly celebrated with a cake covered with the required number of lighted candles and was presented with a present in honor of the occasion. It was also decided to hold ladies' night Tuesday evening, April 17, at the Golden Rule Inn. The singing as usual was peppered with Tom Rowland leading and Dan Bittner at the piano and after a stirring address by "Pop" Hinds describing his trip west with the Chanderes the meeting adjourned until next Tuesday night when the new officers will be in charge.

## GAS-ELECTRIC CAR FOR WALLKILL VALLEY.

The purchase by the New York Central Railroad of several gas-electric operated cars to operate over the branch lines of the company, has been announced by the company. One of these gasoline-electric driven cars is scheduled to go on the Wallkill Valley Railroad between this city and Montgomery, according to the announcement made. The O. & W. has operated one over the Kingston branch for some time.

Special Easter Music.

In addition to the special Easter music to be sung by the choir of Clinton Avenue M. E. Church, violin solos will be rendered by Miss Helen Myers of Albany. Miss Myers is an advanced pupil of Ford Hummel, formerly of this city. She is said to possess to a remarkable degree, talent, temperament and technique, and is to make her debut on the concert platform this year. At the evening service the beautiful cantata, "The Lord of Light and Love," by Julian Edwards, will be sung.

Coveny and Miss Anna Smith attended the door.

## WOMAN WINS EIGHT DAY RACE WITH DEATH.

Windsor, Ont., April 4 (AP).—Winning an eight day race with death, Mrs. George F. Laing today reached the bedside of her father, Dr. P. A. Devar, of Walkerville, from Vienna, Austria.

Through arrangements made by a motor company, Mrs. Laing was taken off the White Star Steamer Olympic at Quarantine in New York and rushed across the city to the Grand Central Station where the Detroit train was held ten minutes for her benefit.

She reached her father in Walkerville at 8:45 o'clock this morning to find him somewhat improved, although his condition is precarious.

Summer Weather Follows Snow.

Malone, N. Y., April 4 (AP).—With the mercury standing at 70 above zero here today, dust blew through the streets of this city where yesterday snow lay several inches thick. A sudden thaw last night was followed by a heavy, warm rain today after which the sun came out, drying up the last vestige of winter.

Directors Approve Big "Melon."

New York, April 4 (AP).—Directors of the Vacuum Oil Company today authorized the 100 per cent stock dividend approved by stockholders March 31, paying the way for the cutting April 25, when it becomes payable, of a "melon" having a market value of some \$253,821.895.

Lightning Causes Fatality.

KINGSTON, N. Y., APRIL 4, 1928.

Figures just published indicate that proportionately there is about as much installment buying in Great Britain as in America, the chief difference being that in Great Britain it is called the "hire purchase system."

The managers of the new Art Museum in Philadelphia have learned something from the mistakes made in the arrangement of other art museums. Paintings, sculpture, old-time furniture, etc., have been grouped with all the other obtainable surroundings of their periods, so that while the visitor's eye is delighted and his taste cultivated, "his feet are saved from purposeless wandering."

Referring to the "verbose and cumbersome style" of lawyers, Federal Judge Bondy of New York ventures to say: "I admire the man who knows what is sufficient and who doesn't waste any more paper and ink than is necessary." In response to this attack on a time-honored privilege it will perhaps be said that lawyers aiming at a fool-proof and appeal-proof indictment know better than to leave out the least important word of an antiquated legal jargon.

## AGREEMENT WITH MEXICO.

The agreement reached with Mexico in regard to oil-land holdings by Americans in that country is a happy culmination of a ten-year dispute which at times during the past three years seemed to threaten ruptured diplomatic relations. The understanding between President Calles and Ambassador Morrow is expertly described as "neither a bargain nor a compromise, but an understanding reached by liquidating the accumulated controversy of a decade." Ambassador Morrow reveals the spirit of the right sort of a diplomat when he announces that the adjustment is due to the "voluntary act" of the Mexican government. Though this is said to be technically true, in view of the position recently taken by the Supreme Court of Mexico, it is believed that that country's modified attitude has been hastened by the cordial relations which our new Ambassador has established with President Calles and his Cabinet. No doubt Lindbergh's visit and enthusiastic welcome also helped to pour oil on the troubled waters of controversy.

The terms of the settlement are said to be ample and satisfactory and, though some details may remain to be worked out, the main points, so long a source of friction, appear to be fairly decided. The result shows what can be accomplished by tact, skill, real understanding of the subject, and a display of sincere good feeling. How much better this method is than the policy of attempting to drive with threats, at the peril of ruptured relations and possibly even of ruinous war, it is scarcely necessary even to suggest.

## TERRORISM IN CHICAGO.

Mayor Thompson's announced scheme of putting "America first" by overthrowing alleged English "rule" in this country succeeded to the extent of attracting Chicago's foreign-born vote and electing him to office. It also succeeded in contributing to the gaiety of nations. But what really has happened in Chicago seems to be the putting of gunmen, bombs, sawed-off shotguns and terrorism "first." The reports indicate nothing less than a desperate condition of affairs in the "windy" second city of America. We read that men, women and children live in fear of dynamite. If the head of the household happens to be out of harmony with the dominant political machine. And the terrorism is the greater and the more widespread because the machine has split into two rival camps.

It had been previously reported that even judges and other high officials found it to their interest to figure at the funerals of murdered gunmen, and now it appears that United States Senator Deneen was a mourner, or among those present, when the desperado, "Diamond Joe," was buried with all the honors and floral profusion of a great public character. Less surprising is the news that following this strange spectacle, some member of "Diamond Joe," presumably, attempted to blow up the Senator's house with a bomb. Six times this year Chicago outlaws have

thrown bombs and each time the victim was the victim of person of some participant in what is appropriate described as the "hate politics" of this country's second city. The first four projectiles were aimed at members of the Crowe-Thompson faction of the Republican machine, the last two at Deneen's rival group—the Senator himself and his candidate for State's attorney against scandals savagery in his own city. Mayor Thompson still prates of the danger of "English rule" and the necessity of putting "America first."

## THAT BODY OF YOURS

James W. Barton, M.D.

(Registered in accordance with the Copyright Act.)  
 SEDIMENTATION TEST NEVER LIES.

You have perhaps noticed that when something new has been discovered in medicine that some newspapers will give it big headlines.

However, as you read the small type of the article itself, you find that the research man who has actually made the discovery is careful to state that the discovery has been proven on just a few cases, but that he hopes that it will lead others to work along the same lines and make the proof conclusive.

I have spoken before about the "sedimentation test" of the blood, that is the time it takes the corpuscles of the patient's blood to sink to the bottom of a dish.

If the time is less than thirty minutes it means serious trouble, and prompt measures, medical or surgical, are at once indicated. Where it takes from half an hour to an hour and a half there may be trouble, but time may be taken to investigate it. If an hour and a half, there is no infection whatever.

Drs. Polak and Tollepohl of the Long Island College Hospital, Brooklyn, after 1,000 tests of this sedimentation of the blood, state that "a low reading or short time means infection, and a high reading or long time means no infection, for sedimentation never lies."

This expression, "sedimentation never lies," means that this test has now been completely proven.

What does this mean to you? That your physician by the use of this test will be enabled to decide whether or not an immediate operation is necessary.

Your pulse and breathing may be doing fairly well, and he might be lulled into a feeling of safety regarding your condition, but if the sedimentation time is short, less than thirty minutes, and the "sedimentation test never lies," he will not take the chances of delay, which might mean the loss of your life.

This test, if taken from day to day or from week to week, will show whether or not your condition is improving, because it is always right. Further, perhaps you have been sick in hospital, or are recovering from an operation. You may think that you are ready to leave because you feel fairly well. However, this sedimentation test will tell whether you are really fit to leave or not.

Also in the case of some folks who may not think they are ready, it will enable their friends or the family to get them home instead of allowing them to remain too long in hospital, and become, as it is called, "hospitalized."

It is certainly a useful test.

WORDS OFTEN MISUSED: Do not say "directly I arrived he gave it to me." Say "as soon as I arrived."

OFFEN MISPRONOUNCED: Delusively; u as in "feud," s as in "eo," not as z.

OFFEN MISSPELLED: Connection; double n.

SYNONYMS: Establish, institute, enact, promote, authorize.

WORD STUDY: "Use a word three times and it is yours." Let us increase our vocabulary by mastering one word each day. Today's word: ABSTRUSE; hard to be understood. "They were not interested in his abstruse reasoning."

## TWENTY AND TEN YEARS AGO

April 4, 1908.—E. F. Mitchell completed arrangements for holding a cavalcade show under a tent on Field Court during the summer. Several hundred tons of rock were hauled from roof of abandoned cement quarry on High Road, near Hasbrouck avenue.

Stephen H. Abber held mass meeting in Fordon opera house, and addresses were made by himself, ex-Mayor Morris Block and Abber's New York lawyer, Frederick Van Zant.

April 4, 1918.—Senator Charles W. Walton introduced in the senate a bill appropriating \$139,000 to complete the building of the Rondout Creek Bridge.

The Exempt Firemen's Association elected Joseph J. Tabby president. Trolley road men granted an increase in pay from 27 cents an hour to 31 cents an hour.

## NEW PALM

New Palm, April 4.—On Monday evening Mrs. Columbia Jackson returned from a motor trip to Florida, on which she was gone more than two months and traveled over 6,000 miles. She was accompanied by her daughter, Mrs. Parker of Walling, Delaware, and a nephew-in-law, Mr. and Mrs. Crowe. And in the midst of all this Mrs. Jackson still prates of the danger of "English rule" and the necessity of putting "America first."

Mrs. Edward Mac Laury is to build another house on her property on Huguenot street. Work will probably begin very soon.

Principal Lawrence H. Vanden Berg has announced that Miss Ethel Silkworth of New Palm has been chosen valedictorian of the class of 1928 at the Normal School. This is the highest honor that can be given to any member of the graduating class, and considering the fact that this year's class numbering some 250, is the largest ever graduated from New Palm, the honor is greater than ever before. The choice is made by Dr. Vanden Berg and the Normal faculty, and is based on the teaching ability, service given at school and personality of the recipient. Miss Silkworth received her whole education in New Palm, coming up through the grades and the high school into the Normal, so both school and village may justly be proud of her.

Those from New Palm who attended the banquet and reception of the American Legion of Kingston Thursday evening at the Governor Clinton Hotel in Kingston were Mr. and Mrs. Charles Parker, Mr. and Mrs. Thomas Way, Mr. and Mrs. Albert H. Koch and Mr. and Mrs. Peter Harp. On March 16 at a meeting with the Kingston Post, Charles Parker, who is county commander of the Legion, told of the work of the New Palm Post, and read telegrams from National Commander Spafford and other high officials congratulating the Ulster county boys on their lead in membership. The New Palm Post has many members from Gardiner and Modena, and will now try to persuade the Walkkill ex-service men to join.

Mrs. Joe E. Hasbrouck, Jr., entertained the Wednesday Club this week.

Donald Kite and family have moved in the house of Jared Smith on Prospect street.

Miss Laura Hasbrouck of Beacon was in town on Monday.

Miss Ella MacLaury entertained a number of friends Monday afternoon.

Mr. and Mrs. Walter Reynolds and son, Kenneth W., of Maybrook, and Mrs. Mary Kniffen of New Palm visited Edward Kniffen and family on Sunday.

The Misses Mildred Ashworth, Alice Thompson and Thelma Mack spent the week end at their homes in Wappingers Falls.

Mr. and Mrs. Philip Ayres entertained a party of friends on Saturday evening.

The entertainment given last Friday evening in the Reformed Church parlors for the organ fund was a successful and pleasant affair. Mrs. Harold DuBois began the program with two songs, "The Holiday" and an encore. Then the Farm and Home Bureau play, "Gauce for the Goulsins," was presented. Miss Helen Hasbrouck, who acted as mistress of ceremonies for the Dutch Guild, under whose auspices the entertainment was given, announced the cast. Mrs. Irving D. Kortright was Margaret Lee, the grandmother. Henry DuBois and Mrs. Frank Elliott were Richard and Margaret Taylor, the parents. Mrs. Harold DuBois and Ralph Buchanan were the slange Elizabeth and Robert. Walter Parker was James Ward, a visitor from the university, and Ida DuBois was the maid. The play has won in two contests and on Friday night it showed the great amount of painstaking work put on it. Following it came a musical interlude. Mr. Oates sang "I am a roamer bold and gay." After this Perry Berago played two numbers on the violin, "Diana's Sonnet" and "Liebesleid," by Kreisler. Mr. Berago is a brilliant player. His father has lately bought the Wurts farm south of this village. The last number on the program was a Grange Play, a skit called "A Difference in Clocks." It portrayed the lively difference in opinion of a pair of lovers who tried for thirty years before they could agree. These actors were I. C. Barnes and Mrs. Henry McCormick. All the music

The Zoning Board of Appeals met at the Municipal Building on Tuesday afternoon. Judge Clearwater, its president, presiding. Messrs. Betts, Levitas and Flanagan being in attendance. The application made at the last hearing by Floyd W. Powell on behalf of the owner of property at the corner of Freshell and Flatbush avenues for permission to add a grocery to his residence, which was deferred in order to enable the applicant to revise his plans, was postponed to the May meeting of the board because the applicant had not been able to secure the revision he contemplated.

The second case on the agenda was that of Abraham Tucker of 311 Broadway. Mr. Tucker, who is a furrier, appealed from a decision of the board of public works denying his application for permission to extend his residence toward the sidewalk in order that he might enlarge his business operations, and have an opportunity to present his fur to the public view. This application met with strenuous objection from the residents of the neighborhood who were represented by Walter L. Miller, some of whom appeared in person. It was claimed that the entire block on Broadway north of Flynn's garage was within the residential zone, that the construction of such an addition as Tucker contemplated would completely block their view, be an eyesore to the neighborhood and that the effluvia from the pelts that Tucker proposed to store on his property would be offensive. Tucker urged that he had been on Broadway for years, had invested considerable money in his property, that it was the attitude of the Zoning Board to encourage business, and that the

region was only partially residential. After a long discussion, all the members of the board drove down to the Tucker place, looked over the situation, heard such residents as there appeared, and decided to dismiss the appeal without prejudice to Tucker's right to renew his application to the board of public works to extend his buildings to the rear of his residence or to extend them southerly and easterly in the direction of the garage, provided he did not apply for an extension toward the street line of Broadway.

During the discussion, Judge Clearwater stated that last week the court of appeals in deciding the celebrated Murray Hill and Madison Avenue zoning case held that the decision of a zoning board of appeals was final; that their action, although judicial was not subject to review by the courts; that the remedy of any person claiming to be aggrieved was application to the common council of the city for a modification of the zoning ordinance.

The judge said that constantly the zoning board of appeals of this city was asked to modify the zoning ordinance adopted by the common council because in particular instances it met with the disapproval of property owners. This the board consistently had refused to do. It was of the opinion, however, the zoning ordinance well might be modified not in the removal of restrictions but the more clearly defining of the lines between residential and business locations. There was no intention upon the part of the board to interfere with existing conditions. Taken as a whole, Kingston had developed in a fortunate manner in that as a rule there was a greater segregation between business and residential property than was the case in American cities. It was this condition which made Kingston one of the most desirable places of residence in the country and it was important to preserve that element of distinction.

### Ambulance Calls Tuesday.

The city ambulance made two calls on Tuesday removing Hattie Finn from 104 West Pierpont street to the City of Kingston Hospital, and Lester Follette from 74 Wall street to the City of Kingston Hospital.

# ANCIENT CITY IN GREECE, LONG LOST, AGAIN FOUND

Johns Hopkins Excavates Site of Olynthus, Ruined 2,500 Years Ago.

Baltimore, Md.—Dr. David M. Robinson, professor of archaeology in Johns Hopkins University, has located the lost site of the city of Olynthus, which was razed by Philip of Macedon 250 years before Christ, and the exact location of which has been for centuries uncertain.

Backed by cables from a group of Baltimore men, most of whom are connected with the Baltimore Museum of Art, Dr. Robinson has put 100 men at work excavating the site. A cable received recently by Dr. Robinson announces that the discovery may be even more important than was anticipated.

The message, signed by Dr. Robinson, reads:

"Excavation of Olynthus begun. Fortresses, granaries, wine press, many statues, large head of Silenus, many vases, important Greek villas, all found. Most promising. One hundred refugees employed."

It was only on January 15 of this year that Dr. Robinson, who is on a year's leave of absence from the university for study and research in Greece and Macedonia, located the site of Olynthus, which was destroyed nearly 2,500 years ago. On that date he wrote to Dr. Young that "I think I have located the site of ancient Olynthus, about which Demosthenes wrote many orations. It was the most important place in Macedonia from the sixth century B. C. to Roman days."

Dr. Robinson wrote that the site was located only about forty kilometers from Salonika, and that he expected to get, almost at once, a permit from the Greek government to begin excavations. If possible he wished to press the digging from February 15 to May 20, he said, after which date climatic conditions are not good.

The cost of the work for the first year he estimated at \$10,000. He asked Dr. Young if Baltimore would undertake to finance it; at the start some \$5,000 would be necessary. Dr. Young immediately cabled authorization for the expenditure of \$5,000, and then took up the matter of raising the money with a group of friends.

## Reports Cancer Cure by Electrical Waves

Washington.—Dr. A. M. Stimson of the public health service has disclosed to a house appropriations committee that cancer artificially induced in mice has been cured in some instances by an electric treatment.

The method employed consisted of an oscillating current of very high frequency, and Dr. Stimson said further researches into the adaptability of the current for treating the disease would be carried on by the health service.

Use of this electric phenomenon had never before been made in connection with cancer, he said. Dr. J. W. Schereschewsky is in charge of the work.

"He has found that by submitting mice that had had cancer artificially induced in them to this high-frequency current a certain percentage of them can be cured," Dr. Stimson continued. "At the same time he has found that some of them, if the dosage is a little too high, will die. It is a question of further investigating the exact dosage of this physical agent."

"However, he has had some thirty mice there that had terrible tumors, and after the treatment the tumors subsided and the mice were still living at the last report."

### Coal Formation

There is no coal being formed under the surface now and never was. The coal that is now found under the earth's surface, no matter how deep it may be, was formed above the surface and later covered up. Coal was formed in ancient peat bogs in the same manner as peat is being formed at the present time.

### Cheese Facts

Gruyere cheese comes from France and Switzerland. It is made from goats' milk. Gorgonzola, from Italy, got its name from the village where it was first made.

*gives you greater performance*

Illustrious New Chrysler "72" performance out-Chryslers even Chrysler. It has jolted the public's preconceived notions of what its money should be able to buy.

Here is a truly marvelous car, in body styles priced from \$1545 to \$1795, which gives in performance all and more than you have been led to expect from cars costing \$1000 more.

Here is a Chrysler triumph that overshadows the foremost accomplishments of the industry.

72 miles and more per hour. 75 brake horsepower. Acceleration that leaves every other car behind. Vibrationless smoothness that only a Chrysler counterweighted 7-bearing crankshaft can give.

Experience for yourself the thrill of this brilliant performance. Chrysler enthusiasm invariably follows the realization that even \$1000 more than "72" prices does not get you as much in performance, in quality, in style, in value.

Illustrious New "72" Prices — Two-passenger Coupe (with rumble seat), \$1545; Royal Sedan, \$1595; Sport Roadster (with rumble seat), \$1595; Four-passenger Coupe, \$1595; Town Sedan, \$1695; Convertible Coupe (with rumble seat), \$1745; Crown Sedan, \$1795. All prices f.o.b. Detroit, subject to current Federal excise tax. Chrysler dealers are in position to extend the convenience of time payments.

New Chrysler "Red-Head" Engine — designed to take full advantage of high-compression gas, giving 12% greater torque with greater speed, power, hill-climbing ability, standard equipment on all body models of the 112 h.p. Imperial "80," also standard on the roadster, and available at slight extra cost for other body types, of the "62" and "72."

## MARLBOROUGH

Marlborough, April 4.—Miss Gleda Fowler is visiting at the home of Miss Helen Runyan at Windham.

The Misses Mary and Sara Newell of Highland spent the week end at their home here.

A daughter was born to Mr. and Mrs. James Barry on Monday, March 26.

Mrs. Emma Fowler, who has been spending several weeks with her daughter, Mrs. Lester Mackey, in Highland, returned home last week.

The case of alleged cruelty to animals of William Orr and Wesley Terwilliger, which was to be tried by Justice of the Peace W. S. Hutchins on Wednesday evening, was postponed until April 6.

Mr. and Mrs. Hiram Atkins announce the engagement of their daughter to Fred Kinny.

A good number of young men attended the baseball meeting of the Marlborough A. C. held Monday evening in the M. E. Church Hall. They went through some preliminary practice and did some training before the regular business meeting was called.

At the business meeting Mr. Russell suggested a plan for a Marlborough Twilight League. The boys fell in with the plan eagerly and four team leaders were appointed. The leaders and the teams they will organize are: Dick Gibney, the Rosetonites; Edmund Sables, business men; Frank Johnston, firemen, and Matthew Casey, fruit men. Of course the boys will try hard but they cannot put this across without the support of every player in town. They need cooperation and hope all will sign up with the team they think they belong with. Meanwhile John Batton has been appointed temporary manager of the big team and things are getting on splendidly. Every player in the Twilight League has a chance to make the town team.

John Rusk, Jr., is driving a new Dodge car.

Mr. and Mrs. Roy Dawes entertained the Melody Makers on Monday evening.

Mrs. Thomas Faulhaber is being treated in St. Luke's Hospital, Newburgh.

Mrs. Vera Gardiner and Dorothy of Poughkeepsie are spending a week with their cousin, Mrs. Herbert McMullen, of Grand street.

Dr. and Mrs. C. C. Zacharie returned home last week after a two months' auto trip to Florida and Cuba.

Miss Theresa McLaughlin returned home last week after spending the winter in Florida.

A. L. Morehead, Michael Berkery and George Brundidge were drawn as jurors for Ulster county court at Kingston, Monday, April 2.

There was no preaching services in the Methodist Church on Sunday morning, as the pastor, the Rev. Mr. Killinder, was attending the annual conference in New York.

Mr. and Mrs. Harry Terpening attended the funeral of Mr. Terpening's father, in St. Remy on Wednesday.

Dorothy and Vincent Downer are confined to their home with an attack of mumps.

Mr. and Mrs. William Tierney and daughter, Miss Zita Tierney, of Newburgh, spent Sunday at the home of their daughter, Mrs. P. Manion.

Francis Lahey spent the week end at his home in Wappingers Falls. William Lombuzzi of New York city called on friends here on Saturday.

The Marlborough High School closed Friday noon for a two weeks' vacation.

Henry and Ralph Kramer of Kingston visited their parents, Mr. and Mrs. J. H. Kramer.

Russell Niken, who is attending college in Brooklyn, is spending the Easter vacation at his home here.

The customary series of time honored services during Holy Week will be held this week in St. Mary's Church. On Sunday the ceremony of the Blessing of the Palm took place before nine o'clock Mass in the church of Our Lady of Mercy at Roseton, and palms were distributed to the congregation during eleven o'clock Mass in St. Mary's.

Church in Marlborough. On three successive mornings, Thursday, Friday and Saturday, special services will be held. On Thursday morning, Holy Thursday, there will be a procession of the children immediately after Mass at nine o'clock. On Good Friday there will also be a procession of the children and Veneration of the Cross at nine o'clock in the morning and Benediction, Rosary and Veneration of the Cross at 7:30 p. m. On Holy Saturday a special pre-Easter service at nine o'clock. On Easter Sunday morning at eleven o'clock, High Mass will be sung. The choir will sing St. Joseph's Easter Mass for which they have been preparing for some time.

Mr. and Mrs. George Cannonier entertained friends from New York over the week end.

Mrs. Henry Bartuch substituted for Mrs. Russell Kohl at the Marlborough High School the past week on account of Mrs. Kohl's illness.

Mr. and Mrs. Wilbur Haveland and Mr. and Mrs. Coll have returned from Florida.

Mrs. William Brown entertained about thirty of her friends at a party at her home Friday evening.

Miss Vivian Baxter celebrated her twelfth birthday at a party on Thursday. About 25 guests were present.

Miss Mary Casey of Newburgh has been visiting relatives in town.

Marlborough citizens are circulating a petition which is to be signed by at least fifteen taxpayers, requesting the addition of two trustees to the board of education. There are three at present. The matter will be brought up and voted on at the annual meeting on May 1. It is thought that if the additional trustees are added one or perhaps two of them will be women.

Miss Louise Wales is ill with mumps. Her place as teacher in the Eighth grade in the Marlborough High School was filled the latter part of last week by Miss Winifred Driscoll of Milton.

Miss Mary Casey and Alvin Snyder of Albany visited at the home of Mrs. P. J. McGuire recently.

Little Barbara Casman of Newburgh is staying with her grandparents, Mr. and Mrs. George Sulter, while her father and mother are in Virginia.

Dr. DuBois Tooker is at home from the Tome School, Port Deposit, Maryland, for his Easter vacation. His friend, Roger Forman, of Poughkeepsie, spent the week end with him.

Next year D. D. Taylor, principal of the Marlborough School, will serve as supervising principal. He will devote all his time to the executive work and will teach no classes.

At least one new teacher is to be added to the staff to take charge of the classes formerly taught. The Farm Bureau committee of Marlborough and Milton met at the home of J. Westervelt Clark on Wednesday evening to plan their schedule for the coming year.

## FATHER OF CRIME LAWS TO INVESTIGATE LOAN SHARKS

Albany, N. Y., March 4 (P.)—The "loan sharks" who keep small borrowers in poverty are to come soon under the scrutiny of Caleb H. Baumes, New York state senator and father of crime legislation, which has made his name nationally known.

The "loan shark" evil is to be investigated by the Baumes crime commission, of which the senator is chairman, as soon as it concludes consideration of the recommendation of Governor Alfred E. Smith that a sentencing board be created to take the place of judges in imposing sentence upon persons convicted of felonies.

The Baumes laws, as the statutes are known which have been enacted in New York in consequence of the researches of the crime commission, have become the most widely discussed state criminal legislation of recent years, and many states are now considering proposals to pattern their criminal statutes after the laws effective in New York.

First and widest notice was attracted by the "Baumes law" which makes a life sentence mandatory for a criminal in New York state upon his fourth conviction for committing a felony.

Several new Baumes laws have been added to the statute books of the Empire State during the legislative session just ended. One calls for a sentence of not less than 20 years' imprisonment for murder in the second degree. Two more are aimed at receivers of stolen goods—the fences who, criminologists say, are largely responsible for making the commission of crime profitable. Another makes ball-jumping a felony when committed in connection with an offense where felony has been charged.

**Christening Party at Shady.**  
A christening party was held at the home of Mr. and Mrs. Fred Reynolds at Shady on Sunday afternoon last when the two children of Mr. and Mrs. Kenneth D. Church of Poughkeepsie were baptized by the Rev. Thomas S. Braithwaite of Shokan. After the service an elaborate collation was served by Mrs. Reynolds. The children who were baptized were Leonard Henry Church and Robert Preston Church. The mother of the children is a sister of Mrs. Reynolds.

## Set Training Tables for Fighting Crickets

The sporting element in China has been training fighting crickets for hundreds of years. Huge sums are still bet on cricket fights and the owners of champion crickets are nationally known. In his booklet, "Cricket Champions of China," Dr. Bernhard Lachner, famous ethnologist of the Field Museum of Natural History, discloses the interesting methods used by the Chinese in training these scrapping insects. Even in ancient times the trainers prescribed strict diets for their beetles. The usual diet consisted of a dish of rice mixed with fresh cucumbers, boiled chestnuts, lotus seeds and mosquitoes. Some of the owners and trainers allow themselves to be bitten by mosquitoes, and when the mosquitoes are full of blood they are given to their favorite crickets.

The fighting crickets are kept in specially devised jars, which are made to serve as both summer and winter homes. The jars are furnished with tiny beds and water jars. The champion crickets are transported in finely wrought cages, some of which are filigree gold.—Pathfinder Magazine.

## Too Much Pep

Norma, age seven, was visiting her grandma, and they were telling jokes. Grandma told Norma the one about the boy who went to the grocery and bought some pepper for his mother, and when he arrived home and opened the package he found the pepper was half pep (p's).

Norma was quiet for a few moments, and then she said: "Grandma, here is one for you:

"A little boy went to the store to buy some pepper for his mother, and when he came home and opened it he found it was half pep."

## Brotherly Love

A large crowd was waiting breathlessly on the beach. In the distance a small black object could be seen bobbing up and down on the crest of the waves. It was a bottle—and inside was a message!

A party of brave men ventured out in a row boat to see what traffic news it contained. After some difficulty the bottle was picked up and brought back to shore. With shaking fingers the leader of the party read out the message.

"The finder of this bottle," he read, "might please send it to my brother in Aberdeen and tell him to take it to the Pig and Whistle. There is two-pence on it!"—London Answers.

## NEW CAST DOUBT ON MYLES STANDISH TALE

Capt. Myles Standish may have asked John Alden to propose to Pricilla Mullens for him as Longfellow wrote (there is historical doubt on the point), but despite the means he may have taken the reluctant soldier was married twice and left many children.

Proof of this has been found through twenty-year record searching by Dr. Myles Standish of Boston, eighth great-grandson of the soldier.

The legend about which Longfellow wrote "The Courtship of Miles Standish" is not very convincing, said Doctor Standish. "Before coming to America, Captain Standish was in Holland and there he married his first wife, Rose. Rose died the first winter in America. Later the soldier married Barbara, who is said to have been a first cousin of Rose. They had several children. It is between the death of Rose and his marriage to Barbara that the captain is supposed to have courted Pricilla. It is a pretty story."—Miami Daily News.

## Fire Destroys Newspaper Plant

Scranton Republican Building Burned—Outbreak So Sudden That Men Were Forced to Leap Through Windows and Cling to Ledges Until Rescued.

Scranton, Pa., April 4 (P).—The Scranton Republican building on North Washington street was destroyed by fire this morning.

Five men were burned and were taken to the state hospital for treatment.

With all avenues of escape cut off, men had to leap through windows, or cling to ledges two and three stories above the ground until rescued. So sudden was the outbreak there was barely time for the men at work in the building to escape. One man was trapped on the roof of the building and with flames shooting all around him, was forced to retreat to the very edge of the roof before he was finally rescued.

The news staff was trapped in the editorial rooms. The composing room force was compelled to take to the roof while the news staff clung to the ledge on the second story awaiting the arrival of firemen to be taken down by ladders.

Robert Wheeler, Reginald Williams, Frank Nealis, Barney McKillips and John Haddock were burned before they had time to reach safety. They were treated at the state hospital. McKillips was trapped in the elevator shaft.

A checkup of the men in the street showed that one was missing and a cry went out that there was a man trapped in the composing room. A search of the roof showed Haddock trying to dodge the flames as he made his way to the rear of the roof.

About to jump, he was warned to wait while firemen rushed to his rescue. Ladders were raised and he was taken to the street.

Robert H. Feltz, managing editor of the Republican, announced this morning that the paper would continue publication in temporary quarters and that plans are already under way for the erection of a new structure.

E. J. Lynett, publisher of the Scranton Times, offered the use of his plant and the Republican made its appearance in an abbreviated form on the streets this morning.

The loss was placed unofficially at \$500,000.

George Gower, Associated Press telegraph operator, was the last man out of the building.

### RUNAWAY ALLIGATOR

WINTERS IN ICY RIVER.

Hot Springs, S. D., April 4 (P).—The rigors of a Black Hills winter hold no terrors for one Florida-born alligator.

It left the comfortable tank provided by Jack Richards, its owner, to spend seven months in Fall river—and one of those months was the coldest December in record in the Hills.

Not only did the vagrant pet survive. It added ten inches to its 21-inch length and acquired a decided waistline. Vanishing last summer, the alligator was not seen until a mail carrier found it swimming about in the river.

## Stomach Disorders First Revealed by Coated Tongue

Your tongue is nothing more than the upper end of your stomach and intestines. It is the first thing your doctor looks at. It tells at a glance the condition of your digestive system—and physicians say that 90% of all sickness starts with stomach and bowel trouble.

A coated tongue is a danger signal of those digestive disorders which lead to so many kinds of serious illness. It tells why the least exertion tires you out; why you have pains in the bowels, gas, sour stomach, dizzy spells.

Coating on the tongue is a sign that you need Tanlac—the medicine which has helped thousands who were physical wrecks from stomach and bowel troubles—who had "tried everything" in vain and about given up hope.

Tanlac contains no mineral drugs; it is made of herbs, barks and roots. Get a bottle from your druggist today. Your money back if it doesn't help you.

OPENS THURSDAY

OPENS THURSDAY

1861

Born on a Maine farm in 1833 Samuel B. Thing came to Boston when 18 years old. He got a job with a contractor at \$3.00 a week and from these wages saved until he accumulated a capital of \$500. With this capital he embarked in the shoe business just at the outbreak of the Civil War. Building on courage, Yankee thrift and integrity he developed from this small start a business which, at his death in 1904, was one of the largest and best known of its kind.

SAMUEL B. THING

1928

The business continued under the leadership of a man of similar ability and integrity whom Mr. Thing trained to follow him. Mr. Fred S. Sawyer, treasurer and general manager, is in close and constant supervision of the details of the company's business and, with his associates, is responsible for the liberal policies of the stores and their outstanding merchandise values at all times.

NO. 7 SCHOOL P. T. A. HOLDS MONTHLY MEETING

The regular monthly meeting of the P. T. A. of No. 7 School was held Tuesday afternoon. The association voted five dollars for the Near East Relief. Mrs. McManus and Mrs. Darrow will attend the conference held at Newburgh on April 17.

The nominating committee was then appointed, Mrs. Bezz, Mrs. Osterhoudt and Mrs. Vanderveer. In the upper grades the banner for attendance was won by Miss Van Buren's room. In the lower grades by Miss Neice's room. Dr. M. J. Michael gave a very interesting talk on the condition of the schools.

Miss Lucinda Merritt gave a reading entitled "Out to Old Aunt Mary's" by James Whitcomb Riley. She responded to an encore with "A Laughing Corpse."

At the close of the meeting refreshments were served.

### MANILA SUBURBS DOOMS FLIMSY NIPA HOUSES.

Manila, P. I., April 4 (P).—A devastating fire among the nipa palm, bamboo and rattan houses of Pasay, suburb of Manila, has caused the banishment of the flimsy thatched dwellings.

The municipal council has acted to prevent reconstruction of the inflammable houses, and the district is being rebuilt with more substantial houses, which while not fireproof, will not be as dangerous.

Hundreds of residents of the devastated district are being cared for at a refugee camp established by the government and the Red Cross. At most 700 houses were consumed in an hour and 2,500 persons were made homeless.

In outlawing the nipa house, the council has doomed a type of dwelling which has been characteristic of this part of the Orient for centuries. It is cool and healthful in many ways but offers no resistance to fire.

## Indoor job no handicap; anyone can keep fit

Ambitious clerk finds way to beat the game

"I WORK in an office. That means that I've got a raft of details on my mind. And I've got to be right up to scratch every moment. You know how hard-boiled the chief can be if I can't dig up the right data at just the right moment. Hard work—long hours—a good deal on my feet.

"And yet I manage to be full of pep. What's more, I've got a real interest in my job—looking ahead, you know, to a little niche at the top for yours truly. I've just got to keep fit.

"How do I do it? I can't take time for golf. But I do take Nujol. And Nujol takes care of me."

Nujol is just a natural substance containing no drugs or medicine. Nujol was perfected by the Nujol Laboratories of the Standard Oil Company (New Jersey). It keeps the body functioning as nature meant it

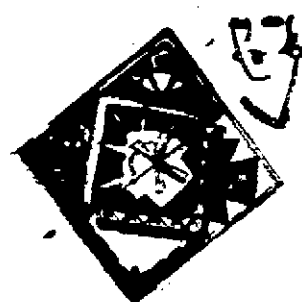

"EASY", HE SAYS

to, even under abnormal sedentary conditions. It not only prevents the excess of body poisons (we all have them) from forming, but aids in their removal. Follow this advice and take Nujol regularly. You'll be amazed to find how much more energetic and efficient you will feel—and be. Take it steadily for three months and watch your improvement. It can't do you any harm, certainly, and might do you a lot of good. Be sure you get the genuine.

## An Announcement!

We take pleasure in announcing to our patrons that we have secured the services of an Expert Corsetiere Miss McNallan of Lansing, Michigan, who has had ten years' experience in some of the best stores of the East and comes to us highly recommended by those with whom she has served. Miss McNallan is well fitted to assist you with your corset foundation trouble, and has had considerable experience in surgical fittings.

She will be pleased to have you call by phone or personally and make an appointment for a fitting. Either at the store or at your home.

We Specialize in the following foundations: GOSSARD, BINNER, TREO, C.B.

For Those Who Wear Them and Those Who Don't.

### Foundations

When a famous French modiste was asked recently to state the minimum in "undies" worn by her countrywomen, she replied, "A step-in, a slip and, of course, always a corset and bandeau." It is a well known fact that Frenchwomen, as far as dress and general appearance are concerned, are better groomed and more chic than almost any other class of women in the world.

The smartness of the Parisiennes, however, does not depend on beauty of face. Their prestige in the wearing of clothes hinges on the fact that they never neglect their figures, but pay the strictest attention to proper corseting which gives them smartness, charm and distinction. "Although the women of the United States make feminine Paris their model in a fashion sense," says a famous corsetiere who has recently returned from a trip abroad, "they neglect the most essential thing which gives the French their reputation for flawless chic and modish appearance, namely religious adherence to some type of corset."

## Flashes of Life Sketched in Brief

(By The Associated Press.)

New York.—In the sunshine of a state where John W. Mackay founded a great fortune his granddaughter has found health. Home all alone on a brief business trip and intending to return directly to California, Irving Berlin said of Ellen Mackay Berlin: "She never looked better in her life. The climate certainly seems to agree with her. And the baby is getting prettier every day. We're perfectly happy, supremely happy. But there has been no reconciliation with Clarence H. Mackay."

Detroit.—For president, Charles A. Lindbergh. He got a vote in the Michigan primary.

New York.—Right after the news about Josef Hofman comes revelation of two other secret professional marriages; Giuseppe Dambochek, metropolitan opera conductor, to Miss Blanche Gang; Wilton Lackaye, Jr., actor, to Florence Johns, actress.

Pittsburgh, Pa.—In return for a mortgage on her parents' home, Gertrude Kohrback, 15, married August Braum, 71. The arrangement was revealed in court when the daughter, remarried after widowhood, tried to foreclose. The court permitted her parents to keep the house.

New York.—Drop coins in the slot and get a package of cigarettes with a "Thank you." A vending machine that talks is now in operation.

London.—Easter candy rabbits have been chased out of the store windows by chocolate greyhounds. The reason is the popularity of dog races.

Boston.—Annually on the anniversary of a peddler's death, 100 persons are to be paid \$1 each for attending a celebration in front of one of the four houses he owned. There will be music and bags of candy, each costing no more than ten cents. John J. Mostow's will provides that the jollifications shall end with the death of his youngest grandchild.

London.—Undoubtedly it has nothing to do with the falls of the Prince of Wales, but the only known portrait of his grandfather, Edward VII, that shows him on horseback is to be sold soon by a private gallery.

Washington.—Finish school, boys and girls: the federal bureau of education says that untrained persons average from \$400 to \$1,200 a year; those with a common school education \$600 to \$1,500; high school \$850 to \$2,450; college \$1,400 to \$5,000.

London, Ont.—Having escaped bareheaded from jail here seven

years ago, William G. Merrell, accused of murder, went back to a cell the same way. En route from Los Angeles, where he was working as a taxi driver when caught, he refused to wear a hat.

## ANTHRACITE PRODUCERS DECIDE TO ADVERTISE

Producers of 42,000,000 tons of anthracite coal have joined forces to carry out an advertising campaign extending over a three-year period. Newspapers will be the principal medium employed. The first year's expenditure will approximate \$500,000.

Plans for the campaign have been outlined in a general way, but final decisions will not be made until conferences are concluded with representatives of the retail coal merchants. The George L. Dyer Company, New York, advertising agents, have been retained to handle the campaign in cooperation with representatives of the producing companies who are bearing the entire cost.

This general advertising is in addition to cooperative advertising with groups of dealers in various localities who establish anthracite service for consumers under the guidance of the combustion engineering force maintained by the mining companies.

## KERHONKSON

Kerhonkson, April 3.—Easter exercises will be held in the M. E. Church on Sunday evening, April 8, at 7:30. An interesting program is being prepared and a short story entitled "The Last Word" will also be read by the Rev. George H. Cooler.

Mr. and Mrs. Albert Sherman spent the week end with Mr. and Mrs. Earl Siskler of Kingston.

Mrs. Vicia Addis has returned home after spending the winter at Newburgh and Cornwall. All are glad to have her here again.

Mr. and Mrs. Elie Addis of Accord have moved in this place.

The Willing Workers will meet on Wednesday afternoon at the home of Mrs. M. Christiana.

The Rev. Edwin R. Dow will conduct a series of revival meetings at the Kerhonkson M. E. Church, commencing on Sunday, April 15, at 7:30 p. m., and continuing nightly until further announcement. He will be assisted in the campaign by other preachers, a large chorus choir and also a good male quartet. The committee cordially invites all to attend.

Joe Addis of Cornwall and Mrs. Arthur Lefever spent the week end with their mother, Mrs. Vicia Addis.

Mrs. Albert Sherman entertained four tables of pinocle on Thursday afternoon. Mrs. Van Dyke Churchhill and Mrs. Kearney were the prize winners. Refreshments were served by the hostess.

## LYONSVILLE

Lyonville, April 4.—Ray Davis has purchased a new Chevrolet roadster of Chester Lyons of Ashokan.

Mrs. Martha Green spent the week end with her sister, Mrs. Blanche Wilklow, at Whitfield.

Mr. and Mrs. Kenneth Oakley spent Sunday with Mr. and Mrs. Tracy Barley at their home at Stone Ridge.

The April meeting of the Ladies Aid Society will be held at the home of Mrs. Chester Roosa. All members are requested, if possible, to bring the blocks for the quilt which they are piecing for the annual fair. Simon and Arthur Roosa saved wood the past week for Fred Oakley, Fred Davis and Peter Davis.

Sherman Barley, who is employed at Mohawk Lake, has been spending

his spring vacation with his parents, Mr. and Mrs. Jacob M. Barley. Will Davies has nearly six hundred baby chicks. A remarkably good hatch from the eggs set.

Ira Baker spent a few days with his daughter, Mrs. John Friedle, at Kingston, recently.

Eggs have been in brisk demand the past week. A number of our town buyers being through with prices ranging from nine to ten dollars per case.

Mr. and Mrs. Fred Oakley spent a day recently with their aunt, Mrs. Margaret Kelder, at Cottekill.

Mr. and Mrs. Ray Davis were Kingston visitors one day the past week.

Quite a number from this place attended the show at Read's Theatre the past Thursday night.

Wyras Baker has traded his

Dodge truck for a new one Chevrolet truck. The deal was made with Chester Lyons of Ashokan.

## FLATBUSH

Flatbush, April 4.—Miss Margaret Wallace spent the week end at her home in Flatbush.

Miss Ethel Kline visited Miss Margaret Wallace over the week end.

Prayer meeting will be held at the church at 6 o'clock Easter Sunday morning. Communion service at the time of the regular Sunday morning service.

Mrs. Fred Burbane of Kingston, who has been visiting her daughter in this place for the past week, returned home.

Day after day, the nation-wide demand for the Bigger and Better Chevrolet reaches more impressive proportions—and day after day it becomes increasingly more apparent that this unrivaled popularity is due to Chevrolet's basic elements of superiority.

And the greatest factor of all in the car's sensational popularity is the effortless driving it provides. It steers with the weight of the hand—for the worm and gear steering mecha-

nism is fitted with ball bearings throughout... even at the front axle knuckles. The clutch is velvety smooth in action and the gear-shift lever responds to the slightest touch. Acceleration is swift and certain, while big non-locking four-wheel brakes assure perfect control under every condition of highway and traffic.

You'll never know what a great car it is until you sit at the wheel and drive! So come in today for a demonstration!

## ELEANOR GUNN ON FASHIONS

GLOVES BASKED WITH FEATHERS ARE AMONG THE SPRING FINERY EXPLOITED IN PARIS. WHERE GAUZZLES AND SLIP-ONS ARE THE TYPES OF INTEREST

Paris—Fine feathers may not always make fine birds, but they make fine trimming for gloves, if you please! One of the smartest glove-makers of Paris is exploiting suede gauntlets, with the turn-over cuff section—slightly rounded, by the way—massed with fine, iridescent plumage.

Peacock, partridge, and dove tones, and all manner of color schemes to tone in with the costume are shown on gloves, which are a neutral gray or beige, the two best glove shades for spring. We are all familiar with the embroidered gauntlet, even such elaborate embroidery as Beauvais, or gold. Beaded gauntlets, too, are no longer a novelty, but the use of feathers as a glove decoration seems, if one might say, to deserve a hand.

Among the plainer gauntlets may be mentioned several that not only

have scraps, but metal buckles. The most approved glove to suede or a washable kid. All either have some elaboration at the wrist or are distinctly long to crinkle at this point.

Chanel Presents the Georgette Triangle at the Top Elaborated with Cutwork and Embroidery, and at the Bottom the Sequin Triangle Held with Fine Net Cord. The Sequins Are Either Metallic, Gold or Silver, or of Colored Gelatine.

The carefully dressed woman prefers to consider the tone of her stockings when selecting her gloves, unless she is wearing a black and white costume in which case her stockings are as near flesh color as possible. Slip-on gloves in soft kids and in suede are a gesture toward the femininity now under discussion. For sports wear one should select washable chambray.

### BRITAIN HAS CHANCE TO PURCHASE "ALICE"

New York, April 4 (AP)—The \$77,000 which Dr. A. S. W. Rosenbach of Philadelphia paid for "Alice in Wonderland" at auction in London yesterday is the highest ever paid for an author's original manuscript.

Whether the manuscript will remain in London or be brought to this country depends on the attitude of the British public.

Dr. Rosenbach, president of the Rosenbach Company, here, that he had offered to sell the manuscript to the British Government at the price he paid for it and had offered to contribute £1,000 towards raising a fund by private subscription for the purchase.

## Hide those Gray Hairs

NATURE herself approves the ALMAZ Hair Crayon—for hair touched by ALMAZ is a natural color.

This crayon temporarily hides completely those first few gray hairs at the temple, the ears, the part. Use it to retouch new growth, between tinting applications. Spray locks thus colored blend perfectly with the rest of the hair. ALMAZ is ideal for eyebrows and eyelashes. No brush necessary—no spattering or clotting.

Oriental women first discovered the remarkable cosmetic used in ALMAZ Hair Crayon. It is called "Asbes of Diamonds"—a poetic phrase which describes its lustre and brilliance. Thus ALMAZ darkens but does not dull your hair.

ALMAZ is protected by a sliding metal case. It is subtly perfumed. Price \$1.00

Beware substitutes which coat the hair a dull, lifeless, unnatural tone. Ask for ALMAZ Hair Crayon. 6 shades. At your hairdresser or druggist. Dept. C. I. L'Oréal Inc., 35 West 34th Street, New York.

## Olympic Fights And Fighters

(By "Spike" Webb.)  
(U. S. Olympic Boxing Coach.)  
Annapolis, Md., April 4 (AP).—The confidence and poise of the American boxer—call it the "inner man"—if you want to, is undoubtedly one of the most vital factors which has gone and will go to make Uncle Sam's multimillion Olympic champions.

With American boxers now busily priming themselves for honors among the nations at Amsterdam this summer, it is not difficult for those who have seen Olympics or coached contenders, to visualize the type of fighter the United States will send to the tournament.

What was true in 1920, and then again in 1924 when it was my commission to coach American boxing teams which took individual championships, will be true this year—with every chance that there will be an improvement.

The American Olympic fighter, and I am not alone in my conviction, has a certain finish to his whole system of living, training, and fighting that distinguishes him markedly from the boxers of other nations. Our fighters may not have the longer reach; the more powerful punch; the advantage in weight; or the shifty movement of the European—what they do have is the will to win.

This point may best be illustrated if one recalls the conquest of Fidel Laiba from Los Angeles, who won the Olympic flyweight championship in 1924. This was before he graduated into the ranks of a professional world's champion.

This California high school boy was confronted with some of the most vicious opposition foreign nations could toss in the squared circle. He wasn't the most tactful boxer in his class by a long shot—there were others who literally pounded him to pieces, but they couldn't shadow this kid's desire and confidence that he would win. It was just the idea, as Fidel told me, that he "wanted to win for 120,000,000 people back home" that ultimately hurtled him through the grueling stages of countless elimination bouts, to semi-finals, to the finals—and then to win.

There's a whole lot in this confidence business when a good fighter doesn't underestimate his opponent, for he senses the support and enthusiasm of those "120,000,000 people back home" and fighting for a crowd that big—particularly when they are rooting on your side—is of inestimable value.

American Olympic contenders invariably go in with that attitude, and the results are enough to show that it works. Don't believe that the rank and file of boxers are idealists first and fighters afterward. It is the combination of the clean, well-trained fist and alert body with a keen, agile sense of what it's all about—that makes champions on these shores.

What will win the Olympic boxing championship this year? Forecasting is usually left for the weather man—not team coaches, except perhaps, when the matter of past performances are taken into account. In the last two Olympic competitions we were the gang that could show up at the showdown, and facts don't reverse themselves much in the short expanse of four years.

## Babe Hits His First Home Run

New York, April 4 (AP).—All's right with that part of the baseball world inhabited by Babe Ruth. Birds are singing, grass is green and spring has come, for the big slugger has hit his first home run since 1927. Inspired perhaps by the lofty shadows of Lookout Mountain stretching across the Chattanooga ball park, Babe lifted the ball out of the lot in the 11th inning of yesterday's game between the Yankees and Chattanooga.

Ruth's home run was not enough, for the Lookouts tied the score in their half of the 11th and went on to win in the 12th, 3 to 2. But the loss of the game was incidental. The world champions have dropped 11 out of 14 spring games and one more means little at this stage of the campaign, especially when Babe Ruth hit a homer. The Yankees played the only extra inning game of the day and were the only Major League team, to fall before a Minor League outfit.

The Giants extended their winning streak to ten games, downing the Washington Senators 5 to 2. Andy Cohen came to life at the bat with a bang, smacking out two triples and a single, suggesting that possibly he has inherited Rogers Hornsby's bat along with his job. Bill Terry pointed Cohen by one base, getting two triples and a double.

Brooklyn finished in front of Macon, 9 to 3, in spite of some wobbly fielding, the miscues were offset by tight pitching. Charlie Hargreaves equalled his last season's base running record by stealing a base.

A game at Memphis developed 43 hits and 30 runs, the Chicago White Sox getting 19 of the runs and 26 hits while the Southern Association Chicks had to be satisfied with 11 runs and 17 hits. May was pitching a month too soon, for the Hose blasted him for 12 hits in one and one-third innings. John Clancy did not miss in four trials.

Cincinnati's Reds made it two straight over Louisville, but the Colonels scored four runs to six for the Hendersons. The Kentuckians failed to register in the first game, Adolfo Luque was reached for only one run in five innings and has been picked for but two counters over a span of 23 spring innings.

The St. Louis Cardinals hit the ball hard to defeat Nashville 10 to 7, taking kindly to the southpaw offerings of Oscar Fuhr, who went all the way for the Volunteers. Blades, Friach and Hafey showed the way at bat.

Dan Howley's St. Louis Browns used 27 hits, which they may need later on, to score 23 runs while Tulsa's best was eight. Ten runs was the quota for one inning. The hustling Frank O'Rourke indicated that he has made it a habit to start day's work with a home run.

Rain defeated both Detroit and Waco.

### PAIRINGS TODAY IN BILLIARD TOURNAMENT

Chicago, April 4 (AP).—Champion Otto Reisel of Philadelphia, Willie Hoppe of New York, Joe Layton and Allen Hall of St. Louis and Len Kenney of Chicago, with one victory each, led in the National Three Cushion Billiard Tournament as it entered its second round today.

All were pre-tournament favorites except Kenney who upset the veteran Augie Kleckhefer of Chicago, who also was defeated by the veteran Hoppe last night.

Sixth in the standings was Art Thurnblad, Chicago, with one win and one defeat. Earl Lookabaugh, Lindenwood, Ill.; Charles Weston, Pittsburgh and Gus Copulos, Detroit, were next with one defeat and no wins. Kleckhefer was at the bottom.

Today's pairings: Kenney vs. Copulos, Kleckhefer vs. Thurnblad, Layton vs. Weston and Reisel vs. Lookabaugh.

### NATIONAL PREPS SCHOOL BASKETBALL GAMES

Chicago, April 4 (AP).—Twelve high school basketball teams, aspirants for the National Preps School Championship, today had survived first round games in the national tournament at the University of Chicago.

By tonight the 40 teams entered from 37 states will have played their first game, while eight will have gone through their second contest in as many days.

Today's play will bring together teams favored to go far into the elimination. The mountaineer lads from Carr Creek, Ky., will receive a real test when they meet the tallest team in the tournament, which trails from Austin, Texas. The Blue Grass team won a popular victory yesterday from the Indians of Albuquerque, N. M.

### Game at Y. M. C. A. Tonight.

The Hupmobile basketball team will meet the Congregationals at the Y. M. C. A. court tonight at 8 o'clock. The Hups' line-up will be composed of the following: Buchholz, Anduchefsky, Corregan, Gilday, McLane, Lewis and Dittus.

### ANOTHER LAP IN LOS ANGELES TO NEW YORK MARATHON

Glenrio, N. M., April 4 (AP).—The New Mexico-Texas state line was the starting point today for the thirty-second lap of the Los Angeles to New York Marathon. Ninety-one athletes were entered in the 36-mile jaunt to Vega, Tex.

Ed. Gardner, Seattle negro, and Olii Wantinen, New York, finished yesterday's 44.1 mile trek from Tucumcari in a dead heat. Their time was 6:8:15. Arne Suominen of Detroit, was third in 6:21:35. Suominen retained the lead in elapsed time, with 148:10:20, for the 1,114.7 miles, a lead of slightly more than five hours over Andrew Payne of Claremore, Okla.

## Sport Slants

By Alan J. Gould,  
(Associated Press Sports Editor.)

New York, April 4 (AP).—The slant events of the past few days have furnished convincing evidence that Gene Tunney not only is manager of his own affairs but doing pretty well at it for a young fellow whose chief aim in life not long ago seemed to be the mastery of seven-syllable words.

Gene still has command of an extensive and often effective vocabulary. But his latest word to the boxing commission, in addition to being noteworthy as a diplomatic rejoinder, contains no word in excess of five syllables, and only two of those. It proves that the simple language can be, and often is, more effective and forceful than complicated phraseology.

"While I have received no official communication from the New York State Boxing Commission—A gesture of reproach in that line, obviously. Further on:

"The commission knows me well enough to know I have never selected my opponent but have always left that detail to the promoter." A gentle touch of irony here, perhaps.

Time was, and not so long ago, when Gene Tunney, then only a fair to middlin' light heavyweight, needed a manager and some good ring advice if he was to get anywhere. The veteran Billy Gibson filled both requirements, steered Tunney into the American light heavyweight title and paved the way for the Dempsey match in 1926. However, Tunney later on decided to handle his own affairs. He has done so ever since, Gibson, even if his voice in the champion's business is no longer above a whisper, at least shares, financially in Gene's success.

Tunney got the title but little else at Philadelphia in 1926. He had to go on a vaudeville tour to make some money. He has made a pretty fair job since then of managing his own affairs. He collected close to a million at Chicago and has had his own way, it appears, in selecting Heeney as well as a July date for his first and perhaps only 1928 engagement.

No study of the spring exhibition results would provide any clue to the fact that the Yankees and Pirates

were champions of their respective major leagues last year.  
The showing of the two title-holding clubs, in fact, has been as poor, if not poorer, as that of any other outfit in training. The Yankees have dropped 11 out of 14 games while the Pirates were scored five times in a row by the up and coming Chicago Cubs.

Those new scow-like cars of the University of Washington crew will have their first test this Saturday in the annual Pacific Coast Championship race with the California Golden Bears.

As the first big college regatta of a year that has the Olympic goal in the offing for the fastest crew at a distance of 2,000 meters the far western event has more than ordinary interest.

No matter how it turns out, both colleges are expected to send their variety boatloads over for the big team.

California's upset Washington Pacific coast waters last spring, but the Huskies turned the tables at Puget Sound, although neither western entry was able to catch Columbia.

### Portmynary Foundations

The animal substances generally used in a diluted form to fix the wattle side and secure lasting curls are ambergris, castor, musk and civet. Ambergris is from the sperm whale; civet, a secretion of the beaver; musk from a small species of deer; castor, which resembles much, from the chive cat or muskrat.

## Guards and Guns Protect Lindbergh

Santa Barbara, Cal., April 4 (P).—Guards and sawed-off shotguns were brought into use here today to guard Colonel Charles A. Lindbergh against intrusions and insure him a complete rest.

The guards were thrown about the home of Mrs. Harry F. Knight, where Lindbergh is stopping. Last night they held up all callers, even Harry Guggenheim, of the Guggenheim Foundation for the Advancement of Aviation, who had to arrange for an interview with Lindbergh by telephone.

Colonel Lindbergh, represented as becoming more and more annoyed by interviewers and photographers, made a mysterious flight here yesterday, hopping off shortly before noon. No destination was announced. He headed for a cloud bank and disappeared. About an hour later he landed in a small clearing near Mrs. Knight's home and scurried into the house of his hostess without encountering any interference.

## EASTER CANTATA AT PRESBYTERIAN CHURCH.

At the 5 o'clock vesper service on Easter Sunday at the Rondout Presbyterian Church, the cantata, "The Risen King," by Schnecker, will be given under the direction of Miss Virginia Los Kamp. The wonderful story of the Resurrection is told in impressive solo and chorus numbers. There are choruses of beautiful harmony for men's voices, as well as a lovely trio for women's voices.

Miss Los Kamp will sing the alto solo number and Leonard Stine will be the baritone soloist. Mr. Stein will also play a violin solo with organ accompaniment as a prelude to the vesper service. Others assisting the large chorus choir will be Mrs. Charles Schwab, Mrs. Marian Crane Jones, Ralph Martin and Ralph Gurney. A cordial invitation is extended to the public to attend this service.

## Wales Injured Thumb In Fall.

London, April 4 (P).—The Prince of Wales appeared at a "Sing Song" in the People's Palace in the East End of London with his right thumb bandaged last night. The thumb was injured in one of his recent falls from his horse, two of which he suffered on Monday in the Welsh Guards challenge cup steeplechase. The prince shook the men by the left hand, although he gave his right to the women.

## Establishes Basketball Record.

Miss Beatrice Keefe, captain of the Saugerties Girls' Basketball team, set new records during the past season, by scoring 176 points in nine games averaging 19½ points a game. Her highest single score was 31 points made at Ravena.

## Awarded Vassar Scholarship.

Miss Florence Nardalin of Saugerties High School has been awarded the scholarship of \$500 for the freshman year given by the Vassar Alumni of Northern New York for next year.

## Poughkeepsie Flying Field.

The city of Poughkeepsie has acquired a flying field at Red Oaks Mills. The council voted to take over the lease held by the Industrial League at a cost of \$1,000 annually.

## Baseball At Saugerties.

The baseball season will be opened at Saugerties on Sunday, April 29, when the Duffy All Stars of Albany play the Saugerties Nine.

## Both Parties Name Women Delegates

New York Democrats Name More Women to Attend National Conventions Than Republicans—Miss Boswell, Republican, Gives Reason.

New York, April 4 (P).—Twenty-two Republican and 32 Democratic women, one of them Governor Alfred E. Smith's daughter, have been elected to attend the national conventions of the two parties. Only seven of them are delegates, however, three Republicans and four Democrats, the rest being alternates.

Mrs. Emily Smith Warner, daughter of the New York Governor, was named from the 25th Congressional district as an alternate.

In addition to the district delegates elected in yesterday's primaries the Republicans are sending two women delegates-at-large and three alternates-at-large while the Democrats on April 17 are expected to name eight, four of them delegates-at-large and four alternates.

Miss Helen Varick Boswell, vice-chairman of the New York Republican County Committee, said the reason more women were named to the Democratic convention slate than the Republican was the uncertainty attending the G. O. P. choice at Kansas City. Four years ago, she said, the men relievedly resigned their places to women, but this year the Republican leaders have told them they must attend in person.

Miss Boswell was one of the delegates elected yesterday. The seven women district delegates named by the two parties are all from Greater New York city, but many of the alternates are from upstate districts.

## Don't Speak So Rough to Him

Police Called to Break Family Squabble Where Husband Was Accused of Throwing Wife to Floor And Stepping on Her Neck.

"Hurry and send an officer here at once," implored a woman's voice over the telephone in police headquarters today.

"What's the trouble?" asked Sergeant James V. Simpson, who answered the phone call.

"There is a man here and we are afraid of him," replied the woman's voice.

"All right," replied the sergeant. "We are sending an officer right over."

A minute later the telephone again rang in police headquarters and a voice implored that an officer be sent at once.

"There are two men on the way there now," replied the sergeant.

Officer Van Buren and Keresman had been assigned the job and as they entered the house an elderly woman, evidently the wife's mother, assumed the office of master of ceremonies and informed the police that her son-in-law had thrown her daughter to the floor and stepped on her neck. "It was brutal," said the mother-in-law.

Officer Keresman immediately took charge of the situation and turning to the husband he asked: "What do you mean by throwing your wife

down and stepping on her neck?" "I didn't step on her neck," replied the husband in a defensive tone.

"Why did you step on her chest then?" demanded the officer. "Don't you speak to my husband so roughly," interrupted the wife at this juncture as she stepped closer to the side of her lover's chair.

Then while the wife and her mother began to talk at once the officer turned to the husband and told him that he had better leave the house as his presence did not seem to be desired.

"Yes," said the husband. "I guess I'd better leave," and he started for the door followed by officers Van Buren and Keresman.

"Don't you dare speak to my husband so roughly," said the wife again and as she spoke her husband paused and she grasped him by the arm.

"I guess we are not needed here after all," said Officer Keresman to Officer Van Buren.

"I guess you are right," replied the latter. And both officers faded gracefully from the scene.

### Financial and Commercial

New York, April 4 (AP).—Disregarding a large quota of unfavorable trade news, the stock market moved upward in impressive fashion today after a temporary sinking at the opening. Bullish operations were conducted with marked success in a number of public utilities, rails, motor accessories, oils and specialties, the gains in many instances running from 3 to 15 points.

Banks called about \$20,000,000 in loans to meet the heavy week-end demand for funds, but the market paid little attention to this development. Rubber shares were only slightly affected by the break of 5 cents in crude rubber following the announcement of the removal of British export restrictions next November.

Violent fluctuations again took place in the high priced specialties. Wright Aeronautical rallied from 121 to 141 and backed up to 132. Radio fell from 192 1/2 to 183 1/2 and then rebounded to 187. Brooklyn Edison soared nearly 10 points and American Republics, Montana Power, Atlas Powder, Cluett Peabody and Ludlum Steel advanced 6 to 8 points, most of them to new peak prices. U. S. Steel and General Motors were quiet but firm.

Persistent buying of the eastern railroad shares accompanied reports that the eastern consolidation program had been definitely agreed upon by the leading executives who have been meeting here at intervals for the last few months. Chesapeake and Ohio ran up nearly 4 points, "Nickel Plate" advanced 2 to a new top at 112 and Reading and Western Maryland, second preferred, attained new peak prices at 112 1/2 and 50 1/2, respectively. Pittsburgh and West Virginia soared 15 points to a new top at 150.

#### Canasta on Good Friday.

On Friday afternoon at 3 o'clock Stainer's "Crucifixion" will be sung at the First Reformed Church by the augmented choir of the church under the direction of W. Whiting Fredeburgh, organist. The soloists at this service will be Herman LaTour, tenor; Harry Clearwater, bass; and Frank Finley, baritone. It is very fitting that this canasta, which portrays so vividly and beautifully in music the story of the Crucifixion, should provide a Good Friday service in song, to which the entire public is invited. The doors of the church will open at 2:30.

#### Police Shot Mad Dog.

Officer Van Baren was called to the home of Frank DuBois on Mary's avenue on Tuesday to shoot a mad dog. The officer shot the dog.

#### Union Hose Co. Meeting.

The regular monthly meeting of the Union Hose Co. No. 4, will be held Friday evening, April 13, at 8 o'clock, instead of Friday, April 6.

### Local Death Record

The funeral of Hugh Finley, a lifelong resident of the Port Jervis section of this city, was held this afternoon from the West Shore station upon the arrival of the 2:15 train. Interment was in the family plot in St. Mary's cemetery.

Edward Joseph, infant son of Edward and Louise Byrnes Leonard, died Tuesday evening at the family residence, 75 Havard street. Funeral Thursday morning at 9:30 o'clock with interment in St. Peter's cemetery, Rosendale.

Miss Susie Egan died on Friday, March 30, at the home of her brother, Peter Egan, of New Palis, where she has been ill for some time. Funeral services were held Monday, April 2, at 2 o'clock at Mr. Egan's home, the Rev. E. D. Miner officiating. Interment was in New Palis cemetery.

Frederick B. Craig, a veteran of the Civil War, died at his home in Tillson on Tuesday, aged 83 years. Funeral services from the late residence Friday afternoon at 1:30 o'clock and at 2 o'clock from the Tillson Reformed Church. Interment in the Tillson cemetery. Mr. Craig is survived by his widow, who was Emma F. Quick, two daughters, Vida and Vera, one son, Fred, and a stepson, Charles M. Longyear.

Miss Harriet Spielman died early this morning following a long illness. She had resided in this city the past 15 years and had endeared herself to a large circle of friends. For many years she had been a faithful member of the Albany Avenue Baptist Church. She leaves one brother, George Spielman, with whom she made her home. The funeral will be held from the late home, 58 Brewster street, Saturday afternoon at 2 o'clock. Interment in the family plot in Wiltwyck Rural Cemetery.

The funeral of Mrs. Anna Egan, widow of John Egan, was held this morning at 9 o'clock from the residence of Mrs. Thomas Mitchell, 150 Hunter street, and 9:30 o'clock at St. Mary's Church where a Mass of requiem was offered for the repose of her soul by the Rev. William H. Kennedy. The floral offerings were profuse and beautiful testifying to the high esteem in which the deceased was held. The bearers were Frank Egan, Thomas J. Mitchell, Arthur Gulnick, Joseph Corkery, Frank Carlin and John Egan. The Rev. Father Kennedy accompanied the remains to St. Mary's cemetery and pronounced the final absolution.

The funeral of John F. Costello was held this morning from his late home, 15 Shufeldt street, at 8:30 o'clock and 9 o'clock from St. Mary's Church, where a high Mass of requiem was offered for the repose of his soul by the Rev. Joseph B. Scully, V. F. Seated in the chancel during the Mass was the Rev. Thomas F. Larkin of New York City. The St. Mary's Chancel choir sang the responses to the Mass and at its conclusion sang "Jesus, Jesus Come to Me". The floral tributes were profuse and beautiful. The funeral cortege, which was very large, was accompanied to St. Mary's cemetery by Dean Scully, who pronounced the final absolution as the body was being lowered into the family plot. The bearers were Timothy Mahoney, James Norton, George Cook and Joseph Cochran.

The funeral of John Sculley, who died in the Benedictine Hospital in this city on Friday, after having been taken there on Monday of the same week, and whose remains were removed to the home of his daughter-in-law, Mrs. Joseph F. Sculley, No. 133 Broadway, Newburgh, took place Monday morning at that address and was privately held. At 11 o'clock in the Church of St. Patrick a high Mass of requiem was offered, of which the Rev. Stephen B. Connolly, a former assistant of St. Mary's Church, this city, was celebrant. Miss Marie Flannery sang as a solo "The Beautiful Land on High," and as the remains were borne down the aisle the choir chanted the anthem "Nearer My God to Thee". The floral offerings were beautiful and many spiritual bouquets were received. Interment was in the Sculley plot at St. Patrick's cemetery. Miss Sculley resided with his niece, Miss McCarrroll, No. 25 Chapel street, this city, for a number of years. His wife, formerly Bridget Morris, died several years ago. His son, the late Joseph F. Sculley, of No. 136 Broadway, Newburgh, one of Newburgh's successful business men in his day, died a few years ago.

### Trout Season Opens Saturday

In New York state the trout fishing season opens Saturday and undoubtedly many will try their luck. As the past winter has been mild with but little snow and ice in the mountains, the streams are in fair shape as regards amount of water. Note of the mountain streams are unusually high. At this season of the year trout should be found in pools in the deeper portions of the streams and of course the most successful lure is the humble earthworm although many disciples of Isiah Walton despise this simple matter and will try the more sportive way of landing the speckled beauties, the fly. If a fly must be used the brilliant colored ones will probably be found best.

Catskill mountain streams are in fair condition at present and many will take the first opportunity to try their luck. Size and amount of trout this year which may be legally taken remain the same. The combination hunting and fishing license should not be forgotten before going out on the stream.

### SENATE COMMITTEE VOTES FOR TAX REDUCTION

Washington, April 4 (AP).—Reduction of the 12 1/2 per cent corporation tax to 12 per cent rather than 11 1/2 per cent as proposed by the House was voted today by the Senate finance committee in beginning work in the House revenue measure. This follows the recommendation made by the committee yesterday by Secretary Mellon, who insisted that the tax reduction of \$200,000,000 voted by the House must be trimmed by the Senate to \$202,000,000 at the highest.

With the solid support of the Republican majority on the committee, Chairman Smoot proposed at the outset of today that the \$201,000,000 limitation be adhered to. No vote was taken, but Senator Smoot expects the figure to be approved. By unanimous vote, the committee decided to report a tax reduction bill, quieting reports that the legislation might be sidetracked in view of the demands of the treasury that the reduction voted by the House was too large.

Senator Simmons, of North Carolina, ranking Democrat on the committee, argued today for a cut of \$300,000,000 and urged that at least the House bill should be accepted.

### Smith Going South to Rest

Governor to Start Monday for North Carolina—Seeking Warm Weather and Golfing Opportunities Rather Than Political Expediency, He Says.

Albany, N. Y., April 4 (AP).—Freed from the cares of last New York state legislative session, Governor Alfred E. Smith has chosen a spot in the Carolinas as a suitable place to rest before he faces the Democratic National Convention as a candidate for the presidential nomination.

Several weeks of uncertainty over the place where he would spend his customary post-legislative vacation gave way last night to a decision by the governor to spend at least a part of two weeks at the Biltmore Country Club at Asheville, N. C.—farther south than he has ever journeyed before.

The prospect of warm weather, and plenty of opportunity for pursuing his favorite recreation—golf—rather than political expediency, induced the governor to decide upon the south, he emphatically declared in making his announcement. Politics, he asserted, would find no place on his vacation program, but despite his promise, his party will include a number of newspaper correspondents from the New York Capital who hope to ascertain how the political winds are blowing south of the Mason-Dixon line.

The personnel of the remainder of the governor's party, and the time of his departure from New York state, were still to be decided today. The executive hopes to leave not later than next Monday night, after spending Easter in Albany with his family. No members of the family will accompany him, present plans calling only for the inclusion of several personal friends who usually journey with him on golfing excursions.

### GRASS FIRE IGNITED HIGH SCHOOL SHED

Tuesday afternoon a grass and rubbish fire in the rear of the Kingston High School set fire to the shed and a still alarm was sent in to the fire department. The fire was brought under control with the use of chemicals and water. The damage to the shed was not extensive. The fire department was also called out by two other grass fires that afternoon, one on Progress street and the other on the hill just off Shufeldt street.
